28 EXTREME SLUT TASKS

BY GABRIELLA

MY SUBMISSIVE SIDE:

- [ ] 1. My Partner tied me up, blindfolded me, and told me to give him a blowjob. During the blowjob, he was ignoring me by browsing the Internet and scrolling TikTok so I could hear it.

- [ ] 2. My Partner specifically found a Tinder date just for this task and arranged a phone call with her. Before the call, he tied my hands behind my back and told me to give him a blowjob. He said he would keep talking and flirting with the girl until I made him cum.

- [ ] 3. As punishment for my bad behavior, my Partner tied me to the bed, put a blindfold over my eyes, a ball gag in mouth, and inserted a remote-controlled vibrator inside me.
  But the best part? He shared the control link on the platform "X", letting a random stranger take over. Someone out there was playing with me - turning it on, changing the intensity - and I had no idea who it was or when it would stop. I was completely helpless and exposed.

- [ ] 4. One day, I wore a sexy red top, a black mini skirt, sheer tights, and high heels. I spent the whole day teasing my Partner - bending over, whispering, touching him.
  When he noticed I had nothing underneath my tights, he suddenly tore them open, tied my wrists behind my back with the shredded fabric, and fucked me hard without saying a word. I had no control.

- [ ] 5. Have You ever heard of a pussy face gag?
  When I put it on, that was the exact moment my Partner grabbed my head and fucked my face so hard I had tears in my eyes.
  It was overwhelming, brutal... and absolutely perfect.

MY SUBMISSIVE SIDE:

◯ 6. One time, I told my Partner that if he managed to make me swallow his cum, I'd do it.
Of course, my hands ended up tied behind my back, and I was kneeling, giving him a blowjob. When he came, I held all his cum in my mouth and gave him a teasing, defiant smile.
That smile faded quickly when he covered my mouth with one hand… and my nose with the other.
As I started to lose air, I tried to pull away—but my arms were tightly bound, and my panicked, pleading eyes only turned him on more.
Eventually, I couldn't hold on any longer—and swallowed.
The second I did, I heard him say, "Good girl," and then… he walked out of the room.

◯ 7. This time, it was all about roleplay. He was the spy - and I was the enemy agent, tied to a chair, refusing to give up a critical 4-digit code.
His mission? Break me. One digit at a time.
The rule was simple: every time I used my safe word, he earned one number.
He had two hours—and had to work within my hard and soft limits.
Let me just say this… I'm a masochist, and that night, I said the safe word four times. He did it.
As for what he did to get each digit?
Well, that's classified information, but the code was 7528 ;)

MY SUBMISSIVE SIDE:

◯ 8. One evening, my Partner gave me a lipstick and asked me to wear it that night.
Later, he tied me up in a strict hogtie and laid me on the bed, placing a mirror in front of me… then left the room.
I had to admit—I looked sexy. Completely helpless, arms and legs pulled back, lips painted perfectly.
It started getting darker… and once the room was pitch black, I noticed something strange—my lips were glowing.
Turns out, the lipstick was glow-in-the-dark.
A moment later, he entered the room—and in that darkness, the only thing he could see were my glowing lips.
And in that position, with my body immobilized and nothing else to offer… well, let's just say, I did what I was meant to do.

◯ 9. I love receiving tasks from my Partner—even through simple voice notes or text messages. But this one caught me completely off guard.
His message said: **"Send a before and after photo—one in your clothes, one after deepthroating a dildo."**
Since I always take my tasks seriously, I spent time getting ready: full makeup, lipstick, everything. In the "before" photo, I looked so sweet and innocent, smiling gently.
An hour later, he got the "after" photo—makeup ruined, spit all over my face, fake cum dripping down, and this time… my smile was even bigger.
He came home early from his meeting that day. And let's just say—what the dildo experienced wasn't even close to what I went through next.

MY SUBMISSIVE SIDE:

◯ 10. After my Partner noticed that I wasn't taking his cock all the way during deepthroat, he calmly told me that I'd be doing some training the next day. When the time came, I was led into a room where a dildo—exactly his size—was mounted at mouth height. I had five minutes to prepare. Then, a blindfold covered my eyes, and my hands were tied tightly behind my back. I felt confident at first… until the dildo quickly destroyed my ego. I gagged, my eyes watered nonstop, and the blindfold soaked up every tear.
Every 15 minutes, he gave me a 5-minute break—marked by putting a ball gag in my mouth, which somehow felt more like punishment than rest.
After nearly two hours, I finally felt my lips press against the base. I had done it.
I was so wet, so turned on, that my Partner took the very same dildo and fucked me with it right there—and I came almost instantly.

◯ 11. My Partner told me I had a new task: Obedience Under Pressure.
When I entered the room, I found a note and a plug on the bed. The note said: **"Put it in. Kneel. Wait for instructions."**
I followed every word. Plugged, exposed, waiting in silence. A few minutes later, he entered, blindfolded me, cuffed my wrists behind my back, and placed headphones over my ears. No sight, no sound. Just pressure and anticipation.
Then I felt it—vibrations. He had slipped a remote-controlled vibrator inside me, and I couldn't tell when or how it would change.
The task? Simple: stay still and don't cum.
Every time I squirmed or let out a moan, the vibration stopped.
Every time I clenched or moved my knees, he tightened my collar.
After 30 minutes, I was shaking. Dripping. Desperate.
He pulled out my headphones, whispered **"Now"**—and let me cum… hard.
And then whispered again: **"Round two starts in 5 minutes."**

MY SUBMISSIVE SIDE:

◯ 12. That night, my Partner told me I'd be going to bed early—but not to sleep. When I entered the bedroom, I found a mat on the floor instead of my usual place in bed. A collar, a leash, and a note were waiting for me.
The note read: **"Tonight, you're not my lover. You're my pet. You don't speak. You don't ask. You serve."**
He clipped the leash to my collar, tied my hands in front of me with soft rope, and placed a bowl of water on the floor. **"Drink,"** he said.
What followed was hours of slow obedience. Crawling. Waiting. Eye contact only when allowed.
He watched a movie, scrolling on his phone, occasionally calling me closer for a kiss, a touch… or a command.
When he finally got up and stood in front of me, I thought the task was done. Until he unzipped, held my leash tight, and said one word: **"Prove it."**
I didn't hesitate. And when I swallowed, still kneeling, still collared, he whispered: **"Good girl. Now sleep on the floor."**

◯ 13. I was told to take a long, hot shower, shave, and put on nothing but the collar. When I stepped into the bedroom, he was waiting with the black hood and a pair of headphones.
Without a word, he blindfolded me, slid the hood over my head, and placed the headphones on.
I could hear only one thing—his voice. Recorded, slow, calm, commanding.
"You are nothing but a body. I will use it how I want. You do not speak. You do not move. You exist for my pleasure."
He positioned me how he wanted—legs spread, arms limp, head tilted back.
I was just… there. Exposed. Taken. Pushed.
He touched me. Fucked me. Used me. And I could do nothing but exist in the dark, floating in his voice and the feeling of being completely owned.
When it was over, he left the room, leaving me tied and hooded. And the recording kept playing… over and over: **"Good girl. You are his."**

MY SUBMISSIVE SIDE:

◯ 14. I had disobeyed him earlier that week. Nothing major… but enough for him to say: **“You need to be reminded who you belong to.”**
That evening, I was told to strip, kneel, and wait. He said nothing for ten minutes – just watched me, slowly circling. Then he left the room.
When he came back, he brought rope, a remote vibrator, blindfold and drooling gag. He gagged me first – tight. Then plugged me with vibrator, tied my wrists to my ankles in a tight hogtie position, and finally slipped the blindfold over my eyes.
Total silence. Darkness. Helplessness. I had no idea how long I’d be left like that. Every now and then, I felt a vibration from the vibrator… a reminder. Not from him. From the timer he had set. Random. Unpredictable. Unbearable. Time stopped existing. I drooled. I shook. I moaned into the gag with no one to hear me. I cried. And I begged—silently.
When the blindfold was finally removed, I could barely open my eyes. He untied me gently, kissed my neck, and whispered:
“Next time, you won’t forget who’s in charge.”

MY SUBMISSIVE SIDE:

◯ 15. He told me I'd be spending the next two hours in "display mode." I didn't know what that meant… yet.
When I entered the room, the position was already set: knees on the cold floor, back straight, hands locked behind my head, eyes fixed on a mark on the wall. Next to it—a gag, a timer, and a note.
The note said: "**You will hold this position in silence. Every time you move, the timer resets."** I gagged myself and got into position. The minutes dragged. My arms began to tremble. My knees burned. Sometimes I forgot to breathe. And every time I twitched—beep—the timer restarted.
I didn't know if he was watching. If he was in the next room. If every second of my struggle was being observed.
After what felt like forever, I heard the final beep—the sound of success.
And then… footsteps.
He appeared in front of me, lifted my chin, and smiled.
"You made it. Now let's see how still you can stay… when I fuck you."

◯ 16. He told me the rules before he even touched me.
"Tonight, you don't speak. You don't move unless I move you. You're not mine. You're not even a submissive. You're just a thing."
I nodded once. That was the last motion I was allowed to make.
He positioned me on my knees in the center of the room, arms resting on my thighs, chin up, mouth slightly open. Then he walked away.
I heard the sounds of him preparing—ice cubes in a glass, lube being opened, zippers. I wasn't allowed to look. I wasn't allowed to think. I was an object waiting to be used. He came back and circled me like I wasn't even human. Touched me. Inspected me. Adjusted my posture like I was a doll.
Still… not a word. Then he fucked my mouth. Slow. Deep. Unapologetically.
He used my throat like a warm, wet hole—no affection, no praise. Just use.
When he finished, he pulled out, zipped up, and finally said one word:
"Stay." And I did. Because I wasn't his submissive anymore. I was his possession. And I loved it.

MY SUBMISSIVE SIDE:

◯ 17. He told me tonight's session would be about **"testing limits."**
And I believed him - until I saw what was waiting on the bed.
A remote-controlled vibrator. Wrist cuffs clipped to the headboard.
A spreader bar for my ankles. And a note that said:
"Don't orgasm. If you do, I won't stop. You'll be punished with pleasure."
I was tied up, legs spread, unable to move. Then he turned the vibrator on - low, steady, teasing. He sat across the room, watching me.
Silent. Cold. Patient.
Every few minutes, he changed the pattern. Faster. Then slower. Pulsing. Then constant. I bit my lip. Moaned through clenched teeth.
But I held on. For a while.
And then - my hips betrayed me. I came. Hard. Too hard.
He didn't say a word. Just stood up, came over, and turned the vibrator higher.
"Oh no," he whispered, **"You're not done. Not even close."**
I lost count of how many times I came after that. I begged. Cried. Shook.
But he didn't stop. Because that was the punishment. And I earned it.

◯ 18. He said it would be a long night. I just didn't know how long.
He started by tying me to the bed—ankles spread, wrists cuffed above my head. Then came the blindfold. Then the headphones. Silence. Darkness. Stillness. The only thing I felt was the steady pressure of the vibrator he slid inside me. And then... nothing. No sound. No touch. Just the vibration, slowly pulsing—on and off. Random. Teasing. Cruel.
My mind started to spiral. I didn't know if he was still in the room. Watching? Waiting? I bit my lip to keep from moaning. I counted my breaths. I begged, silently. At some point—I came. Then again. I wasn't even sure if I was allowed to. But I couldn't stop. I couldn't think. I wasn't even me anymore. Just a body trembling in the dark.
When he finally removed the headphones and blindfold, my face was soaked with sweat and tears. My legs were shaking. I whispered, **"I'm yours."**
And he smiled, knelt beside me, and whispered back: **"Now we begin."**

MY SUBMISSIVE SIDE:

◯ 19. My partner had to travel. Another country, another timezone, another life for a few days. I thought the distance would calm things down between us.
I was wrong. A few hours after he landed, I got a message from him.
It didn't say **"I miss you"** or **"I love you."** It said:

"You have 15 minutes. Get on cam. Position the laptop so I can see the bed."

"Blindfold. Ball gag. Remote-controlled vibrator inside you. Give me access. Put on your quicky cuffs."

So I did. I followed each instruction exactly. Tied. Gagged. Blind. Vibrating.
When I connected to the call, I could barely hear the background noise before the camera turned on.
He was sitting outside. In a café. Sunny. Bright. It was noon where he was.
He had coffee in one hand, lunch in the other... and me in his ears.
He didn't even look directly at the screen. Just watched from the corner of his eye. Smirking. Calm.
I moaned behind the gag - desperate, squirming, grinding against the sheets.
And he... sipped his coffee.
The contrast made it worse. I wasn't the center of his attention.
I wasn't a priority. I was just... background noise.
A toy buzzing on his phone while he enjoyed his day.
That made me ache more than any word he could've said.
And when he finally looked at the screen and whispered,
"Good girl... now be quiet and take it,"

I came harder than I should have.
Because being forgotten - used silently, obediently -
was exactly what I needed.

MY SUBMISSIVE SIDE:

◯ 20. The moment I saw the tower set up in the center of the room, I knew I was fucked. Literally. Meticulously. Repeatedly.
He didn't say much - just handed me the black bodysuit I was expected to wear and pointed to the heels.
Then, with his usual calm detachment, he said:
"You have 20 minutes to reach five orgasms. No hands. No help. Just the tower. If you fail - double punishment tomorrow. If you succeed..."
He smirked. **"We'll talk."**
He helped me into position - ankles between the steel base, legs slightly spread, back straight, arms eventually tied behind my head to keep me exposed. The wand was already mounted. I could see it waiting, angled perfectly. I didn't even need to turn it on to feel the anticipation.
When the vibrator touched my clit, I gasped. When it started pulsing, I moaned. And when he walked away and sat down across the room with a clipboard and a timer, I knew I was really on my own.
The machine didn't tease. It worked. It buzzed, pulsed, rolled through me without rhythm, without warmth—just relentless function.
The first orgasm came quickly.
The second made my knees buckle, but the frame held me upright.
By the third, I was already begging—not for release, but for rest.
But rest was not part of the deal.
"You're behind schedule," he said, glancing at the timer.
"You have six minutes left, Gabriella."
The fourth one nearly broke me.
My body convulsed against the steel. I was soaked, drooling through my gag, eyes wide behind the blindfold.
Fifth orgasm. Twenty seconds before time.
Barely. When the machine stopped, I collapsed in place—still strapped in, legs shaking uncontrollably. He approached silently, ran his fingers over my thigh, and whispered: **"You passed. Barely. But don't get too comfortable. Soon... it'll be six."**

MY SUBMISSIVE SIDE:

◯ 21. That day, I had one task. **Make him cum before I do.**
Sounds easy. But of course... there were complications.
I was hogtied - arms and legs pulled back, tightly restrained.
My eyes were covered with a blindfold, leaving me in the dark.
And strapped to my thigh was a wand vibrator, held firmly in place with a harness, the head pressed directly against my soaked pussy.
No escape. No control. Just constant, throbbing pressure.
The only way I was allowed to make him cum was with my mouth.
So I started - slow licks, teasing, feeling his cock twitch on my tongue as I tried to focus. But every tiny movement I made... made it worse for me.
Every bob of my head sent the vibrator deeper into me.
Every moan I let slip around his shaft... fed back into my own need.
It was a war.
My body was desperate to come.
My mouth was desperate to finish him first.
I was seconds away from losing. Shaking, soaked, on the edge - when it happened. He groaned, grabbed my hair, and came hard onto my mouth.
The moment I tasted him... I broke.
The orgasm hit me like a wave - so strong, so sudden, that I let go completely.
My body convulsed in the tight bondage, muscles spasming, the wand still relentless. And in that split second - without thought, without hesitation - I swallowed everything that was in my mouth.
Every drop. Every breath. Gone.
When it was over, I collapsed into the ropes -
gagging softly, twitching, ruined.
But I completed the task. Just barely.

MY SUBMISSIVE SIDE:

◯ 22. He didn't tell me what it looked like. Just that tonight, I'd be using something new. And that I'd do it while he watched. Tied. Naked. On all fours. When he showed it to me, my breath caught in my throat.
It was a Monster Dildo
It wasn't about the size. It wasn't even the length. It was the shape.
Twisted. Textured. With ridges and veins that looked inhuman.
The head was thick, flared, with a curve that made my core tighten before it even touched me. It looked like something a creature would use to breed – not a man. And it was going inside me.
He didn't even touch me. He just watched. Sat back, arms crossed, a quiet smirk on his face.
"Show me how badly you want to be ruined," he said.
So I did. I lowered myself onto the tip – slowly, shaking.
Every ridge stretched me. Every bump forced me to breathe through the ache.
It wasn't smooth. It wasn't easy.
It felt wrong in the most delicious way.
By the time I took half of it, I was already soaked. My thighs trembled.
And then… I started moving.
Fucking myself with it. Grinding. Moaning. Losing control.
Because it hit places no real cock ever had – unpredictable, overwhelming, filthy. His voice was calm behind me:
"That's what your body was made for."
"Not love. Not romance. Just breeding. Just monsters."
When I came, I screamed – loud, raw, feral.
And when I collapsed onto the bed, twitching, stretched wide around something not human,
He only said one thing:
"Next time, we go bigger. Or deeper.
And you'll beg me for both."

MY SUBMISSIVE SIDE:

◯ 23. That day, my partner told me something simple:
"**You can have anything you want today.**
But you'll have to prove how much you want it."
He didn't say how. He didn't say what the price would be. He just watched.
I spent over 3 hours walking through the mall.
Shop after shop. Shoes, racks of dresses, bags, and accessories.
Eventually, I found a pair of stilettos, a tight black dress, and a handbag.
Together, they were perfect. I put them on, slowly, one by one, feeling his eyes on me the whole time.
But the price... **$499**. When I turned and showed him, he said nothing.
But I saw the look in his eyes.
I stepped closer. Turned my back to him. And handed him a soft silk belt I'd pulled from a dressing gown nearby. **"Tie my hands,"** I said.
And he did – firmly, behind my back.
The purse was placed on the floor, in front of me. White leather. Clean. Precious. I kneeled in front of it, the smooth floor cold under my knees, the dress tightening as I bent forward.
I started slowly. Licking. Sucking. Silently.
Looking up at him with every stroke, letting my eyes say what my mouth couldn't:
"I want it. I'll earn it. Use me."
His breaths grew heavier. I stayed still. Controlled. Gagged only by him.
And when he came, I kept it in my mouth – holding it, tasting him, not daring to let even a drop escape.
Then, proudly, I swallowed. Opened my mouth. Stuck out my tongue.
The purse stayed clean.
In the end, I left the store with nothing. **My new outfit?** I found that it has fulfilled its purpose before it was even in my possession.
I was proud of myself.

MY SUBMISSIVE SIDE:

◯ 24. That day, we stumbled across a discounted dog cage in a store.
We looked at each other - and immediately thought the same thing.
Stone, paper, scissors. And just like that, **I became the pet.**
He became my owner.
We brought the cage home and set it in the corner of the bedroom.
He fastened the collar around my neck. Clipped the leash to it with that calm, deliberate look he always gets when he's about to ruin me.
Then came the **tail plug** - firm, humiliating, making every step feel deliberate. Animalistic.
For most of the day, I stayed inside. Curled up. Naked. Cuffed. Owned.
He gave me commands in one-word orders.
"Sit." "Present." "Beg."
There was even a rule that for one hour, I wasn't allowed to speak. If I wanted his attention, I had to bark-quiet, controlled, with my eyes lowered.
He slid a bit gag into my mouth, shaped like a bone, and locked it in place while I was tied in the cage. It was uncomfortable. Cramped. Designed to remind me of my place. Exactly what I needed.
He cut a small opening in the bars. Sometimes he used me - pulling me forward by the leash for oral. Sometimes, just to tease me, letting the tail plug grind deeper as I squirmed on all fours.
But he never let me out. **"A good pet earns freedom,"** he said.
And so I waited.
At the end of the day, he slid a bowl into the cage. A polished stainless steel one with his fresh cum inside.
My final task was simple: clean it completely. With my tongue. Quietly. Without spilling.
I did exactly as I was told.
When he unlocked the cage, stroked my head, and whispered, **"Good pet,"**
I felt pride. Obedience. Heat.
And a little ache to be caged again.

◯ 25. That day's task came with a dress code.
"All pink. And sweet." I knew exactly what he meant.
I wore the short ruffled skirt he liked – the one that barely covered anything when I bent over. A soft pink crop top with tiny bows on the sleeves. Matching lace panties, white thigh-highs with heart patches on the knees, and my hair in high pigtails with glitter clips.
I looked like a doll. A sweet, pastel toy. And that's exactly what I was meant to be. He made me stand in the center of the room, hands behind my back, eyes down.
"Smile," he said softly. **"You're here to be cute. But don't forget what happens to disobedient little dolls."**
The task was simple: Hold a lollipop in my mouth. Hands tied behind my back. Kneel still and wait.
If it dropped? If I licked it too quickly? If I moaned through it?
Punishment.
He circled me slowly, tapping the crop against his palm, watching every twitch in my thighs as I tried to stay still.
His voice was low but firm:
"You want to act like a sweet little thing? Then you'll behave like one. Pretty. Polite. Perfect."
But it was impossible.
The wand buzzed beneath me – strapped to the belt, just barely grazing my soaked panties. Every time I rocked my hips even slightly, I could feel the vibrations. It was torture. Sugary, soft, humiliating torture.
Eventually, I moaned. The lollipop slipped.
He stopped the wand immediately.
Stepped in front of me. And smiled. **"I said sweet. Not sloppy."**
He came up to me and put a pacifier gag in my mouth
"Let's start again. And this time? You'll do it gagged. Still. Dripping. And counting every minute you fail."

MY SUBMISSIVE SIDE:

◯ 26. That night's task started with a chase. He gave me a ten-second head start. No blindfold. No ropes. Not yet.
Just the thrill of running barefoot across the hardwood floor, heart racing, breath shallow. It wasn't about getting away. It was about pretending I could. He'd locked every door. Every window.
I wasn't leaving. But that didn't stop me from trying.
I ran down the hallway, turned a corner—he was already behind me.
His steps were calm. Measured. Mine were frantic.
I reached for the bathroom door, slammed it shut - locked it.
Pressed my back to the wall, shaking. Then I heard it.
The sound of the lock turning from the outside.
He had the key. I screamed when he opened it.
Half from fear, half from excitement. He didn't say a word.
Just grabbed me. Pulled me down to the tiles.
My wrists were yanked behind my back and bound tight with rope. Ankles too. I kicked. Struggled. Begged. **"Please—let me go—please—"**
He laughed. **"Didn't you say you wanted to be caught?"**
I whimpered as he dragged me across the floor like prey already claimed.
My body fought. My mind surrendered.
He push me on the carpet in the living room - face down, ass up, cheeks flushed Then came the gag. Thick. Black. Merciless.
"You can scream," he whispered into my ear. **"It won't matter now."**
He slapped my ass—once, hard. I jolted. Tried to crawl. Tried to twist away.
But I was his. The harder I fought, the deeper I fell.
And when he finally took me, rough and fast and brutal—every thrust a reminder that I'd lost - I didn't even want to escape anymore.
I just wanted him to keep proving it. Afterward, when I was breathless, shaking, and soaked in sweat, he untied the gag and kissed my neck.
"You never had a chance," he said. And he was right.
I never wanted one.

MY SUBMISSIVE SIDE:

◯ 27. The rope pressed tight around my wrists, pinning them behind my back. Then came the blindfold. Soft black fabric, tied carefully. Not too tight—just enough to remind me I wasn't meant to see.
Only to feel. He opened the passenger-side door and guided me inside. Not to sit. To lie down.
The leather seat was warm from the sun, but I shivered.
From nerves. From anticipation.
From knowing exactly what I was about to do—and where.
We were parked on the upper level of a busy garage.
Concrete pillars. No tinted windows.
The kind of place people passed through constantly—on their way to work, the gym, the market. He'd even parked in a spot near the doors.
Exposed. On purpose.
I lay on my stomach, wrists bound behind my back, my body completely at his mercy.
He got in. Shut the door. The air inside went still. Then—his zipper.
I turned my head slightly toward the sound.
He didn't need to say a word. I opened my mouth.
He grabbed my head and pulled me up to him
The weight of him filled me instantly.
Warm. Firm. Commanding.
He groaned softly. Brushed his fingers over my cheek.
"Relax," he whispered. **"Just focus on the way you feel."**
His hand slid behind my head. Not rough—but sure.
I began to move. Slow, shallow motions at first. Letting him guide me.
I couldn't see. Couldn't brace myself.
Every time he pushed deeper, I whimpered against him, saliva already dripping from the corners of my lips.
He didn't warn me when he started fucking my mouth.
He didn't need to.

MY SUBMISSIVE SIDE:

My body tensed with each thrust—bound hands squirming behind me, hips twitching involuntarily.
I moaned. Choked. Gasped through my nose.
Tried to breathe. Tried to focus.
But he was in control of everything—my rhythm, my sight, my air.
"Good girl," he said quietly. **"You were made for this."**
I don't know how long it lasted. Time blurred. Sounds faded.
Until I heard footsteps.
Close. People walking past. Talking.
I froze—but he didn't.
He held my head and fucked my mouth slowly, deeply, while strangers moved just feet away from the car.
My pulse roared. My cheeks burned.
It was unbearable. It was perfect.
The leather squeaked beneath me as my legs trembled.
I wanted to hide—but I also didn't. I wanted to be used. Seen. Shamed.
I sucked harder. Deeper. Messier.
My gag reflex forgotten. My mouth a willing hole for his pleasure.
And when he came—he stayed deep.
Holding me there. Until I swallowed every drop.
He pulled out with a slow, wet pop, then wiped my chin with his thumb.
I was panting. Blushing. Floating.
Then he leaned over and whispered:
"You did beautifully.
And yes—two people definitely saw you."

I moaned.
Not from embarrassment.
But from pride.

MY SUBMISSIVE SIDE:

◯ 28. That night, he handed me a contract.
CNC Scene Agreement – 1 Night Only
– No safeword will be honored tonight.
– Limits may be crossed.
– Consent has been given.
I laughed. Nervously. **"Seriously?"** I asked, already knowing the answer.
He didn't reply—just handed me the pen.
I signed. And I meant it.
An hour later, I was wrapped in plastic. Not just my wrists.
My entire arms were pulled behind my back, sealed tight with layers of cling film. My breathing shallow. My pulse wild.
I couldn't move. Then the open-mouth gag came. Then the blindfold.
Total helplessness.
"**On the wall,"** he said. **"There's a dildo. You know what to do."**
That was it. No help. No guiding touch.
Just his voice – and the impossible stillness that followed.
I dropped to my knees. Shuffled blindly. My cheeks brushed the wall.
My lips were trembling.
I searched with my face. My mouth. Hunting for plastic like a desperate animal. Until I found it.
Thick. Hard. Merciless.
In addition to this, I felt that there was also another dildo attached to the floor. Without hesitation, I sat on it and felt it fill me.
My lips wrapped around 1 st dick. I began to suck – softly at first, unsure.
"Pathetic," he said coldly.
Then suddenly, his hands were on my head.
Shoving. Driving.
The dildo filled my throat as I choked and gasped, eyes already watering beneath the blindfold.

MY SUBMISSIVE SIDE:

"Fuck. The. Dildo," he growled.
He didn't let go until I was gurgling through snot and spit, shaking.
When he pulled back, I started breathing hard with drool pouring from my gagged mouth.
Then - before I could recover - he shoved again.
No warning. No mercy.
My throat clamped. My pussy clenched hard around the dildo mounted to the floor - the one I'd sat on without hesitation.
Everything was full. Everything was too much.
When he finally let go again, I whimpered, barely audible through the open gag: **"Red. Red. Red—please—Red..."**
A pause. And then again. My throat choking with his penis, under the pressure of his pressure on my head.
I didn't know what was happening. Why didn't he stop?
Then his voice, dark and deep:
"I think you forgot... Tonight, your safeword won't save you."
And just like that — I shattered.
My orgasm hit me like a slap across the soul - hard, hot, unstoppable.
I cried out with my mouth around that fucking dildo, shaking, grinding, weeping. The humiliation, the fear, the loss of control - it broke me open.
And it set me free. Only when I collapsed, limp and shaking, did he touch my face. Wiped the tears from beneath the blindfold.
Kissed my cheek. **"You're safe now,"** he whispered.
He held me as the tremors faded. Wrapped me in warm towels.
Whispered praise into my ear.
I had learned something powerful that night:

"**The strongest submission happens not when I give up control...**
But when I trust him enough to let him take it completely".
