BLOWJOB TASKS FOR SUBMISSIVE WOMAN

- ◯ 1. Get on your knees, open your mouth, and hold still. I'll decide when your throat gets used.
- ◯ 2. Deepthroat your dildo while your hands are cuffed behind your back. No mercy, no breaks. Just gag and serve.
- ◯ 3. Cover your lips in red lipstick, then suck until every trace is gone. The messier your face, the better.
- ◯ 4. Gag yourself with a ball gag for 10 minutes before sucking. Let that silence remind you what your mouth is for.
- ◯ 5. Tape a dildo to the wall. Practice deepthroating it until your mascara runs.
- ◯ 6. Fill your mouth with spit, then let it drip down your chin as you kneel and ask to serve.
- ◯ 7. Watch yourself in the mirror while giving head. Maintain eye contact with your reflection the entire time.
- ◯ 8. Edge while sucking your toy. You can't orgasm until you gag three times in a row.
- ◯ 9. Wear your collar and nothing else. Crawl to me with your mouth open and wait.
- ◯ 10. Suck a toy while kneeling in front of the bed. Keep going until your thighs start shaking.

◯ 12. Record yourself saying “thank you for using my mouth” after every gag.

◯ 13. Put nipple clamps on and suck dick slowly. Each pull on your tits equals one push deeper.

◯ 15. You may not speak today. If you want something – suck for it.

◯ 16. Suck with your legs spread and tied. Every moan from your throat makes you clench harder. Good.

◯ 17. Let drool fall onto your tits while sucking. Rub it in when you’re done. That’s your scent now.

◯ 18. Suck a dick blindfolded. You don’t need eyes – only instinct and obedience.

◯ 19. Wrap your lips around the head and hold it there. Breathe through your nose. Control = respect.

◯ 20. Before using your mouth, write “USE ME” across your chest in lipstick.

◯ 22. Blowjob with a vibrator on your clit. Orgasm only when I tell you to stop sucking.

◯ 23. Worship it with kisses first. The shaft. The tip. The balls.
Then, let your tongue learn every inch of my dick.

◯ 24. Suck while being spanked. Moan louder each time the rhythm breaks.

◯ 25. Use both hands to hold the base. It's not support—it's reverence.

◯ 26. Spit on the tip, then lick it clean while smiling.

BLOWJOB TASKS FOR SUBMISSIVE WOMAN

◯ 101. You will undress slowly in front of the mirror, kneel completely naked, apply lipstick carefully, and write "COCK SLUT" across your forehead in red. Then take a toy, sit in silence for 5 minutes with it in your mouth, and whisper:
"I'm not here to speak. I'm here to swallow."

◯ 102. You will hold a dildo in your throat for 10 seconds, three times. Between each round, slap your face once and say, "He trains my mouth to hold, not to speak." At the end, look up and say, "Thank you for stretching me."

◯ 104. You'll place clamps on your nipples, a leash around your neck, and kneel in front of the bed with a dildo taped to the headboard. Record a 30-second video deepthroating it without using your hands, whispering, "My body waits. But my mouth is always ready."

◯ 105. Blowjob with a belt wrapped around your throat. You'll hold it yourself. Each time you pull tighter, you say, "Deeper."
When the belt slips, you start again from the beginning.

◯ 106. Suck a toy while writing in your journal:

- "Why I need to be used."
- "What I want my throat to become."
- "How I'll prove I deserve him."
- Write with one hand, suck with the other. If you can't focus, start over.

BLOWJOB TASKS FOR SUBMISSIVE WOMAN

◯ 107. Set a timer for 7 minutes. In that time, your lips are never allowed to close. Keep your mouth open, plugged, drooling, filled. Breathe through your nose, moan through your throat. It's not about pleasure. It's about endurance.

◯ 108. You will hold a dildo in your mouth while watching a recording of yourself sucking. Whisper:
"That girl is who I was. This one is who I'm becoming."

◯ 109. Prepare a blowjob altar:

- Pillow on the floor
- Mirror in front
- Water for rinsing
- Gag beside you
- Dildo or toy on display
- You kneel, breathe, and practice five full deepthroats. Afterwards, thank the toy like it was me.

◯ 110. You'll edge with clamps on while sucking your toy on the floor. Every time you get close to cumming, you must stop sucking. And say, "A real slut waits." Only when you can say it without shaking do you get to cum with it in your mouth.

◯ 111. You'll put on your prettiest dress, kneel in front of your mirror, and say out loud:
"This outfit is not for dinner. It's for being ruined with spit."
Then you'll deepthroat while fingering your own pussy.

◯ 112. You will edge while sucking a dildo that's tied upright to a chair. Each time you gag, you increase the vibrator's intensity. After three gags, you may orgasm only if your mascara is ruined and your thighs are shaking.

BLOWJOB TASKS FOR SUBMISSIVE WOMAN

◯ 113. You will insert a small vibrator in your ass, kneel, and deepthroat slowly while holding eye contact in the mirror. Moan without blinking. If you break eye contact, start the timer again.

◯ 114. Kneel on a hard surface in heels and plug yourself. Suck my dick with your wrists tied behind your back. The discomfort is part of the training. Every moan is an offering to be used better next time.

◯ 115. You'll cover your face in lube or oil, then suck a toy slowly and gently, focusing only on making a mess. After 5 minutes, wipe your face with your hands and say, "This is what service looks like."

◯ 116. Gag yourself, crawl to the bed, and kneel silently until the gag drips with spit. Remove it slowly and say, "This is my warm-up." Then immediately start sucking.

◯ 119. Put a mirror on the ground. Kneel above it with your thighs spread and suck your toy while watching the spit fall. Say: "I see what he's made of me." When you orgasm, do it without breaking eye contact.

◯ 120. Lie on your back, head off the edge of the bed, blindfolded. Deepthroat for 5 minutes, holding your breath every third thrust. This is about surrender. Obedience happens in the dark.

BLOWJOB TASKS FOR SUBMISSIVE WOMAN

◯ 121. Start your morning kneeling by your bed, naked, mouth open. You don't speak. You wait. Your throat is your good morning.

◯ 122. Suck a dildo for 5 minutes while kneeling in front of the bathroom mirror. After each minute, spit on your own reflection and whisper: "I belong beneath him."

◯ 125. Edge three times before you even get to taste cock. When you finally do, say: "Now I earn what I begged for."

◯ 126. Use a dildo soaked in lube. Lay your face into it and fuck your own throat slowly. Moan through it. That's your worship.

◯ 127. Suck with clamps on your nipples and a plug inside you. Each new hole used makes your mouth more obedient.

◯ 128. Record yourself gagging, drooling, and saying, "This is the sound of a girl being remade."

◯ 129. You'll start the timer. You suck until I cum. If you finish too soon, You will have to swallow all the cum.

◯ 130. Gag training session: 30 seconds deep, one minute off, repeat until you cry. That's progress.

BLOWJOB TASKS FOR SUBMISSIVE WOMAN

◯ 131. Tape your lips and hold my cock next to them. Moan without opening them. When you can't hold the pressure anymore—rip the tape and deepthroat immediately.

◯ 132. Sit in a chair, legs spread, toy between your thighs and one in your mouth - my cock. Moan only when both are moving at the same time.

◯ 133. Deepthroat with your tongue taped to your chin. Silence. Suffering. Focus. When you gag, keep going.

◯ 134. You may orgasm once—but only after a 10-minute blowjob while on your knees, with your feet tied together, and your eyes locked on the mirror.

◯ 135. Cry while sucking. Not because it hurts—but because this is who you are now.

◯ 136. After you orgasm, sit still with the dildo in your mouth for 3 minutes. Don't moan. Don't speak. Just drool. Your body had pleasure—now your mouth stays full in gratitude.

◯ 137. Suck a toy while listening to your own voice begging from a previous session. When you gag, smile through it.

◯ 138. Moan through every letter of the word "SLUT." One moan per letter. Then spell it again with your tongue on my cock.

BLOWJOB TASKS FOR SUBMISSIVE WOMAN

◯ 139. Rub cum into your lips like gloss, then ask politely to serve again.

◯ 140. You'll kneel in the center of the room. Toy in your mouth. Vibrator on your clit. Say: "He doesn't need to fuck me. He just needs to hold my head."

◯ 141. Put the tip in and say: "I want to lose my voice to this." Then don't stop sucking until you're hoarse.

◯ 142. Bite gently. Get punished. Say "Thank you" with your mouth full. The lesson is learned when the lesson tastes like control.

◯ 143. Create a "blowjob altar" in your room. Every morning, kneel there and give your throat for one minute. No touching. Just ritual.

◯ 144. Deepthroat slowly while reading degrading captions you've written about yourself. Finish with: "This isn't fiction. This is who I am."

◯ 145. Lick the mirror where my cum landed. Then smile and say: "It tastes like my truth."

◯ 146. Use a spider gag, kneel in silence, and hold your mouth open for 10 minutes. If you break posture—add 5 more minutes.

◯ 147. Perform oral on my dick with mascara on. When you ruin it, say: "Obedience is better than beauty."

◯ 148. Ask me to use your mouth with complete eye contact. Don't blink. Don't flinch. Don't look away until it's over.

BLOWJOB TASKS FOR SUBMISSIVE WOMAN

◯ 149. Say “Master owns my voice” 25 times while stroking a dildo against your lips. At the 25th repetition, gag hard and smile.

◯ 150. Lie back, head off the edge, throat open. You’re not a person here. You’re a use. And you say it out loud before I enter you:
“I’m not here to feel. I’m here to be used.”

◯ 151. You’ll kneel in the corner of the room with a dildo taped to the wall. No sounds. No words. Just throat training against it . When you’re done, lick the dildo clean and say: “He uses even my silence.”

◯ 152. Place your knees on a hardwood floor. No cushion. Deepthroat for 10 minutes. Every ache in your bones is a thank you to my authority.

Every time you gag, slap your pussy once. On the fifth gag, say “Please break me through this hole.”

◯ 154. Film yourself sucking for 60 seconds straight — no pulling off, no swallowing, no blinking. Caption the file: “Proof of Purpose.”

◯ 156. Before bed, crawl onto my sheets with your mouth already open. Suck with my dick pressed against your lips. That’s your comfort. That’s your pacifier.

BLOWJOB TASKS FOR SUBMISSIVE WOMAN

◯ 157. Tie a scarf around your mouth like a makeshift gag and kneel in front of your webcam. Press a dildo between your lips and stay still for 10 minutes. This is your “mute worship” session.

◯ 158. Blowjob with your hands behind your back and shoes still on. You may strip after he’s finished in your throat.

◯ 159. You will crawl to the toy drawer, pick the largest dildo, bring it back in your mouth, and kneel in front of the bed with it still between your lips. Don’t use your hands. Don’t speak.

◯ 160. Plug in. Put clamps on. Sit with your knees open and deepthroat slowly. If you make a sound louder than a whisper, restart. Your pleasure is not about noise. It’s about service.

◯ 161. You’ll wear a hoodie and knee socks only. Suck while watching yourself in selfie cam and whisper: “This is what innocence looks like when he breaks it.”

◯ 164. You’ll hold a dick in your mouth for five full songs, one for each letter of the word “S L U T S.” You may not remove it until the playlist ends.

BLOWJOB TASKS FOR SUBMISSIVE WOMAN

BLOWJOB TASKS FOR SUBMISSIVE WOMAN

◯ 173. Put your ass against a mirror, your mouth around a toy, and edge like that. You serve from both ends. Watch the view of your submission and own it.

◯ 174. Wear your tightest shirt and no bra. Slap your tits every time you gag. Let your obedience leave marks.

◯ 175. You will edge with your vibrator while moaning through a dildo. The only sound you may make is “please.” Say it until your voice breaks.

◯ 176. Suck with a vibrator strapped to your neck. The vibration should echo into your throat. Let it teach you rhythm.

◯ 177. Moan through a funnel gag while my cum is going there. Mark yourself as used before you’re even touched.

◯ 178. Lick my cum off a dildo, then put it back in your throat. Filth isn’t something you avoid — it’s something you deserve.

◯ 179. Watch a porn scene where the girl cries during oral. Copy every movement. Record your own version. Let pain and performance blend into obedience.

◯ 180. End this session by writing a letter to your Master, describing how your mouth has changed since training began. Sign it:
“Forever His Throat. No longer mine.”

◯ 181. You’ll kneel, spread your knees, press your hands to your thighs, and keep your back perfectly straight. A toy in your mouth, a mirror in front. Your task: hold position for 10 minutes without breaking posture, all while your throat is stretched and your mind goes quiet.

BLOWJOB TASKS FOR SUBMISSIVE WOMAN

◯ 182. Wear open-mouth gag. Insert the toy and suck for 5 full minutes. If you can't take it, stop and start over. Good girls don't close their mouths until permission is given.

◯ 183. After deepthroating for 3 minutes, lean back, tongue out, and spit on your own chest. Rub it in. That's your ownership scent. That's your uniform.

◯ 184. Edge while gagging on a dildo. The rule: you may only edge after you've successfully held your breath and taken the full length twice in a row.

◯ 185. Dress like a secretary. Glasses. Heels. Hair tied. Kneel, suck, and say: "I don't take notes anymore. I take orders."

◯ 186. Cover your lips with black lipstick. Every stroke of your tongue across the shaft removes more control from you—and gives it to me.

◯ 187. Wear a sign around your neck that says: "Throat Leased by Master." Suck on your knees with pride. If it slips off, start again.

◯ 188. Blowjob in front of a turned-off TV. You're not the one being entertained—you're the show. Moan into the reflection.

◯ 189. Lick cum off your mirror. Don't use your hands. Say: "I look better covered in what he leaves behind."

◯ 190. Lie on your back, camera under your chin. Place a dildo to your mouth and stop using your hands. Deepthroat it. Let gravity control your gag. No hands. Just throat and service.

BLOWJOB TASKS FOR SUBMISSIVE WOMAN

◯ 191. Deepthroat with nipple clamps on, leash attached, butt plug in place. Complete silence. If you make a sound, clamp tighter and restart.

◯ 192. You'll place a cock in your mouth and play your favorite song through it. If you stop, restart the song.

◯ 511. Push your cock into her mouth, then slap her cheek lightly with it when you pull out. Watch her wait for your next move.

◯ 512. Make her lick your entire length slowly, teasing herself with anticipation, before you allow her to take you into her throat.

◯ 513. Hold her head with both hands and fuck her face with fast, rough strokes until her eyes water and drool covers her chest.

◯ 514. Blindfold her and guide your cock to her lips, letting her suck you by instinct alone.

◯ 515. Film her while she sucks you and tell her exactly what she looks like when she serves you with her mouth.

◯ 516. Push into her throat and hold yourself there for a slow count of three. Pull out just enough for her to breathe, then do it again.

◯ 517. Tell her to keep her mouth open while you slap your cock against her tongue, cheeks, and lips. Then push inside and take control.

◯ 518. Order her to suck the head lightly while using both hands to stroke your length, keeping everything messy and dripping with saliva.

◯ 520. Position her on all fours, grab her hair from behind, and guide your cock into her mouth. Fuck her face with full dominance, using her throat exactly how you want.

◯ 521. Pull her onto her knees by the hair and stand directly in front of her. Let her look up at you for one second — just enough to feel the power shift — then push your cock into her mouth and set the pace yourself. Hold her head with both hands and use her throat in long, controlled strokes, forcing her to relax her jaw and accept every inch.

◯ 522. Sit comfortably in a chair, spread your legs, and order her to crawl between them without lifting her gaze. When she reaches your knees, tilt her chin upward with your fingers and slide your cock into her mouth. Make her suck slowly at first, then guide her head deeper each time until her breath changes and her throat adapts to your rhythm.

◯ 523. Bend her over the arm of the couch, one hand on her lower back, the other gripping her hair. Pull her head sideways and push your cock into her mouth from the angle you choose. Use her throat roughly, letting drool spill onto the couch, and whisper in her ear that her mouth exists for this — for your pleasure alone.

◯ 524. Tie her wrists behind her back and leave her on her knees. Walk around her slowly, letting your cock brush her lips, cheeks, and tongue without giving her what she wants. When she starts to strain forward, grab her hair and shove yourself deep into her throat in a single harsh motion, making her gasp around you.

◯ 525. Push her onto the floor and stand above her head. Tell her to open her mouth wide and stay still. Lower yourself into her throat with your hand on her forehead to control the angle. Use slow, heavy thrusts that make her chest rise with effort, then pull out and watch her gasp for air before forcing her mouth open again.

◯ 526. Place her against the wall and trap her head there with your hand. Slide your cock into her mouth while keeping her completely pinned, unable to move. Thrust slowly but deeply, each time pushing her head harder into the wall, making her feel how little control she has over the pace or depth.

◯ 527. Take her to the mirror and position her on her knees so she can see herself. Stand behind her and guide your cock around her face — her lips, cheeks, tongue — before finally thrusting into her mouth. Make her watch herself choke, drool, and serve, describing out loud exactly what you see happening to her.

◯ 528. Put a collar on her with a leash. Sit on the edge of the bed and tug the leash gently until she climbs between your legs. When she finally reaches you, pull the leash tighter to control how fast she takes your cock. Reward her good sucking by releasing the tension; punish hesitation by forcing her deeper.

◯ 529. Straddle her chest while she lies flat on her back. Hold her wrists down to stop any movement, then lower your cock onto her lips and into her mouth. Ride her face slowly at first, letting her adjust to the weight and angle, then bury yourself in her throat with full dominance, using her like furniture built for pleasure.

◯ 530. Blindfold her and guide her mouth to your cock with your hand gripping her jaw. Let her lick and explore for a few seconds, then suddenly push yourself deep into her throat to shock her body into submission. Keep one hand on her jaw and the other behind her head as you use her mouth steadily.

◯ 531. Make her kneel with her back straight and hands on her thighs. Walk up to her and slap your cock against her lips until she opens. Push inside and fuck her mouth while ordering her not to touch you with her hands. When she starts to lose balance, hold her by the hair and force her to stay upright.

◯ 532. Have her kneel between your legs while you sit in a chair. Place her hands on your thighs and tell her not to move them. Guide her head with your fingertips under her chin, directing the exact angle you want her mouth. Make her alternate between slow sucking and deep throat strokes on command.

◯ 533. Press her face into your abdomen with both hands and thrust your cock repeatedly into her throat until her breathing becomes shallow. Pull out just enough for her to inhale, then immediately push back in, keeping her right at the edge of her limit without letting her pull away even once.

◯ 534. Force her onto her knees, grab her jaw firmly, and open her mouth with your thumb. Slide your cock in until she gags lightly, then hold her head perfectly still while you thrust at your own pace. The stillness makes it more intense — she becomes the fixed point, you become the movement.

◯ 535. Sit down, spread your legs, and order her to crawl between them slowly. As soon as her mouth reaches your cock, push her head down to your base and hold her there until her throat relaxes around you. Then release her and tell her to earn the next thrust by sucking properly.

◯ 536. Tie her hands behind her back and stand while she kneels in front of you. Push your cock into her mouth and make her focus entirely on keeping her breathing steady. When she chokes, guide her back into position and use her throat again, training her to take you deeper each time.

◯ 537. Push her onto her elbows and knees, tilt her head back by her hair, and fuck her throat from above. Use fast, uneven thrusts to keep her off balance and dripping with saliva. Praise her when she takes you deeper, then push even harder to test how far she'll go for you.

◯ 538. Hold her face between your hands and force her to look up at you while you slowly slide into her mouth. Maintain eye contact through every stroke, every choke, every moment she struggles to keep her lips sealed around your length.

◯ 539. Have her lie on her back with her head hanging off the edge of the bed. This opens her throat perfectly. Slide your cock into her mouth and use long, deep thrusts that hit harder from this angle. Watch her chest rise and fall as she tries to keep up with you.

◯ 540. Order her to kneel with her hands behind her back and her mouth open. Walk up to her slowly, hold her head firmly, and push your cock into her throat with a single, powerful thrust. Keep her there for a moment, feeling her tension and surrender, before using her mouth at your pace.

◯ 541. Cuff her wrists behind her back and push her to her knees. With no ability to steady herself, guide your cock into her mouth and control every movement with your hands in her hair, using her helpless posture to set the exact pace you want.

◯ 542. Tie her wrists together above her head while she kneels. Her body stretches beautifully. Grip her jaw and slide your cock into her mouth from above, forcing her to rely entirely on balance and obedience as you control the depth.

◯ 543. Bind her wrists behind her back and secure her ankles together, forcing her into a tight kneeling position. Tilt her head back by her hair and fuck her throat with long, deep strokes, watching her struggle to stay upright without her hands.

◯ 544. Tie her to a chair — wrists behind the backrest, ankles spread wide. Stand in front of her, hold her chin still, and push your cock into her mouth. Use the chair as leverage while you thrust, making her take every inch without escape.

◯ 545. Bind her arms tightly to her sides with rope. Push her onto her knees and stand over her. With no arms to steady herself, she becomes a perfectly still mouth for you to use as deeply and slowly as you want.

◯ 546. Tie her arms into an elbow binder, pulling her shoulders back until her chest lifts. Make her kneel and take your cock while you hold her by the hair, using her restricted posture to force deeper throat strokes.

◯ 547. Cuff her wrists and ankles behind her in a loose hogtie. Lift her head by her hair and feed her your cock slowly, letting her feel how vulnerable she is as her bound body trembles with every choke.

◯ 548. Blindfold her, bind her wrists behind her back, and guide her to the bed. Push her onto her knees against the mattress for support, then fuck her mouth from behind her head, controlling angle and depth with both hands.

◯ 549. Tie her wrists to the foot of the bed so she kneels stretched forward. Stand behind her, grab her hair, twist her head slightly to the side, and slide your cock into her mouth from an angle that forces her jaw wide open.

◯ 550. Secure her wrists behind a pillar or bedpost so she can't move forward or back. Step close and push your cock deep into her mouth. Her immobilized posture makes every thrust hit harder and deeper.

◯ 551. Tie her wrists together and attach them to a ceiling hook, leaving her kneeling under the tension. Grip her head and slide your cock into her open mouth, her arms helplessly suspended above her as you thrust.

◯ 552. Cuff her wrists to her ankles in front of her, folding her body forward. Bend her head back by her hair and guide your cock into her mouth, using her restricted angle to push deeper down her throat.

◯ 553. Tie her wrists wide apart to the bedposts while she kneels at the center. With her arms spread, she can't reach or guide herself. Hold her by the cheeks and fuck her mouth slowly, savoring her helpless openness.

◯ 554. Bind her torso tightly with rope, chest harness pinning her arms. Clip a leash to the back knot and pull her forward onto your cock, using the leash to control how deeply and how often she takes you.

◯ 555. Tie her on her back with her head hanging off the edge of the bed. Her open throat is perfectly aligned. Slide your cock down into her mouth and use long, heavy thrusts that make her gasp for breath between strokes.

◯ 556. Attach her wrists to the sides of a chair so she can't lift her hands. Sit, spread your legs, and pull her head into your lap, making her suck you slowly and obediently while completely restrained.

◯ 557. Bind her in a rope chest harness and attach a leash to the center of it. Stand behind her while she kneels and pull her onto your cock by the leash alone, controlling depth and speed with nothing but tension.

◯ 558. Tie her wrists behind her back and push her onto all fours. Grab her hair, turn her head to face you, and slide your cock into her mouth from above. Use her throat while she struggles to stay balanced without hands.

◯ 559. Hogtie her wrists and ankles more tightly, pulling them close together. Kneel beside her, lift her head, and push your cock into her mouth at the angle you want, letting the ropes dictate how helplessly she moves.

◯ 560. Bind her wrists and ankles spread-eagle to the bed, but leave her head free. Straddle her chest and lower your cock into her mouth. With her limbs locked open, she becomes a completely exposed, immobile mouth for you to use.
