EDGING TASKS
CONTROL HER ORGASM

This collection is built around one core theme: **edging** - holding her right on the verge of orgasm, controlling her pleasure, and deciding exactly when (or if) she gets to finish.

These tasks focus on pushing her to the very edge, again and again, using a wide range of techniques:

- teasing with fingers & toys,
- rhythm breaks,
- orgasm denial,
- ruined orgasms,
- post-orgasm sensitivity play,
- and the psychological tension of never knowing what comes next.

Around this central dynamic, the tasks introduce additional kinks and intensity layers such as: ***bondage, spanking, rougher use, objectification, oral use, free-use energy, toy play, mirror scenes, filming, humiliation, spitting, anal play and much more.***

The intensity increases gradually throughout the list.

Early tasks focus on simple edging, teasing, and light dominance.
As you progress, the tasks become more demanding — layering in rough sex, forced stillness, deep power-play, sensory overload, and complex edging patterns, leading to ruined orgasms and controlled collapse.

Move through the tasks at your own pace, communicate openly, and let the rising intensity guide your dynamic.

Edging is an art - and these tasks will take you from gentle control to powerful, overwhelming submission.

EDGING TASKS
CONTROL HER ORGASM

- [ ] 1. Sit her on the edge of the bed, spread her legs, and rub her pussy with two fingers until her breathing changes. The moment she's about to cum, pull your hand away and make her hold still for 30 seconds.

- [ ] 2. Slide one finger inside her and circle her clit with your thumb. Bring her right to the edge twice, then stop and make her whisper, "I'm desperate for more."

- [ ] 3. Lay her on her back and place a vibrator on her clit for exactly 20 seconds, then take it away for 40. Repeat until she's reached five edges. She's not allowed to cum.

- [ ] 4. Push a pillow under her hips and grind your fingers against her slowly. When her body starts to tense, freeze completely and let the frustration build in her.

- [ ] 5. Spit on your fingers and slap her clit lightly before rubbing it. Edge her with slow strokes only — no speed allowed yet.

- [ ] 6. Fuck her with two fingers until her orgasm rises. Pull out, let her lick your fingers clean, then wait one full minute before touching her again.

- [ ] 7. Put her on her knees and tease her clit with just your fingertips while holding her hips still. The second she starts shaking, stop and don't let her move for 90 seconds.

- [ ] 8. Press her thighs together and rub her clit through her panties. Bring her to the edge, then stop and slowly pull her panties down as punishment for getting too close.

- ☐ 9. Hold a vibrator to her clit on its lowest setting. Edge her three times without changing the speed. Tell her to breathe through her mouth only.

- ☐ 10. Sit her on a cold surface, spread her open, and rub tight circles around her clit. The moment her breath hitches, pull your hand away and make her clench her thighs together.

- ☐ 11. Slide a finger inside her and rub her clit with your palm. Edge her twice; after each edge, give her pussy a light slap for losing control.

- ☐ 12. Lay her on her stomach and grind two fingers against her from behind. Edge her once, then make her stay perfectly still with her pussy throbbing and untouched.

- ☐ 13. Tease only the outside of her pussy for one minute before touching her clit. When you finally do, bring her to the edge once and stop immediately.

- ☐ 14. Put a wand vibrator against the side of her clit, not directly on it. Hold it there until she's shaking, then pull it away and make her breathe slowly while her body begs for release.

- ☐ 15. Finger her with one hand and pinch her nipples with the other. Edge her twice. After each edge, pull away completely for 45 seconds.

- ☐ 16. Spread her open with one hand and rub fast, tight circles on her clit. The instant she tenses up, pull your hand back and hover it just above her pussy while she trembles.

- ☐ 17. Sit her on her heels and rub her clit with the back of your fingers. Edge her once, then make her whisper, “Not yet,” before you pull away.

- ☐ 18. Tap her clit lightly with two fingers, then stroke harder until she nears climax. When you stop, run your fingers down her slit but don’t return to her clit for 30 seconds.

- ☐ 19. Push a finger deep inside her and hold it there while rubbing her clit in slow, lazy circles. Edge her once without letting her cum, then keep your finger inside her while she cools down.

- ☐ 20. Rub her clit exactly 50 times — count out loud. If she reaches the edge before you finish, stop instantly and start the count over. She is not allowed to cum.

- ☐ 21. Make your submissive lie on her back and keep her hands above her head. Rub her clit slowly until she’s trembling, then stop and order her to thank you for denying her release.

- ☐ 22. Tell her to spread her legs wide for you. Slide two fingers inside her and curl them upward until she gasps. Bring her to the edge, pull out, and make her say, “Please, Sir, don’t stop teasing me.”

- ☐ 23. Sit behind her, pull her hips into your lap, and use a vibrator on her clit while whispering in her ear that she isn’t allowed to cum. The moment she’s too close, yank it away and hold her still.

- ☐ 24. Tie her wrists behind her back or hold them firmly if you prefer control by hand. Use your thumb to rub her clit until she’s whining — then stop and watch her suffer in silence.

- ☐ 25. Make her kneel in front of you and lean back on her heels. Reach between her legs and stroke her pussy with lazy, controlled movements. Edge her twice, then order her to keep her thighs open even when her body fights it.

- ☐ 26. Push her knees to her chest and lick her slowly, deliberately avoiding her clit at first. When you finally suck on it, edge her once and pull away, letting her whine that she wasn't ready for you to stop.

- ☐ 27. Sit her on your thigh and grind her against it while you hold her hips still. Control the pace. The moment she's too close, push her off your leg and tell her she doesn't get to cum on you.

- ☐ 28. Bend her over the bed, spread her open, and rub her clit with firm pressure. When her legs start shaking, you stop — and make her stay bent exactly as she is while she begs.

- ☐ 29. Lay her on her side, one leg over your hip. Finger her slowly, keeping your forehead against hers so she feels how controlled you are. Edge her once, then slide your fingers out and make her say your name.

- ☐ 30. Blindfold her. Touch her clit only with the tip of one finger. Bring her just to the edge, then drag your finger down her slit and walk away for 30 seconds. Let her feel how empty she is without your touch.

- ☐ 31. Order her to stand against a wall. Keep your hand between her legs as you press her there. Rub her clit until she tries to grind against you — then stop and tell her submissives don't control the pace.

- ☐ 32. Make her lie on her stomach and pull her hips up. Rub her clit from behind with soft circles. Right when she arches her back for more, pull your hand away and hold her down by her hips.

- ☐ 33. Pin her wrists to the bed and kiss her neck while teasing her clit. Edge her once, then force her to say exactly how desperate she feels before you continue.

- ☐ 34. Put two fingers inside her and grind your palm against her clit. When she's climbing toward orgasm, slow your movements deliberately until she's begging for speed. Deny her.

- ☐ 35. Tell her to keep her legs wide open for you. Rub her clit fast until she moans uncontrollably, then stop and command her not to move a muscle while her body shakes.

- ☐ 36. Place the vibrator on her clit for exactly 15 seconds. Remove it and make her hold eye contact with you while she struggles not to cum. Repeat three times.

- ☐ 37. Sit her on your lap facing away from you. Slide your hand between her legs and play with her clit slowly. Edge her once, then whisper that she only cums when you decide.

- ☐ 38. Spread her on the floor and kneel between her legs. Use your tongue on her clit until she grabs at the ground. Stop instantly and tell her that touching herself is forbidden.

- ☐ 39. Hold her jaw gently but firmly while your other hand rubs her clit. Watch her face as she hits the edge. Then stop and make her say, "I'm yours to torment, Sir."

☐ 40. Order her to lie perfectly still. Rub her clit with increasing speed until she's seconds away from release, then pull your hand away and make her wait one full minute before you touch her again.

☐ 41. Make your submissive sit on the floor between your legs. Slide your hand under her panties and rub her clit slowly. When her hips start lifting toward you, grip her thigh hard and tell her to stay still as you deny her.

☐ 42. Lay her flat on her back and pin her wrists above her head with one hand. Use the other to tease her clit in feather-light strokes. Bring her to the edge, then stop and whisper, "Good girls wait."

☐ 43. Position her on all fours and keep one hand on the back of her neck. With the other, rub her clit in tight circles. When she tries to push back for more, shove her forward slightly and tell her she doesn't get to choose the rhythm.

☐ 44. Sit her on your lap facing you, her legs spread over your thighs. Grind your fingers against her clit while making her maintain eye contact. Edge her once and then order her to keep eye contact even when you pull away.

☐ 45. Hold her hips down against the bed and lick her clit with slow, torturous strokes. The moment she arches or moans too loudly, stop and make her apologize for being greedy.

☐ 46. Force her to stand with her knees slightly bent and legs open. Reach between her thighs and rub her clit while she balances. When she's close, pull back and tell her not to straighten her legs until you give permission.

☐ 47. Have her kneel with her wrists behind her back. Use a vibrator on her clit for ten seconds at a time. Each time she reaches the edge, turn it off and lift her chin so she has to look at you while she suffers.

☐ 48. Spread her on the bed and hold one ankle in each hand. Rub her clit with steady pressure. Right before she breaks, release her legs and walk your fingers away slowly down her thigh.

☐ 49. Make her lie on her side and hold her leg up against your chest. Finger her slowly while rubbing her clit with your thumb. Edge her once, then keep your fingers inside her without moving until her breathing evens out again.

☐ 50. Blindfold her and tell her she must stay silent. Rub her clit in unpredictable patterns. If she makes a sound, stop immediately and make her wait 30 seconds before you touch her again.

☐ 51. Press her against the wall, one hand on her throat and the other between her legs. Rub her clit until she moans into your palm. Edge her and then pull your hand away completely, making her stand there trembling.

☐ 52. Place her on her stomach and straddle her thighs. Slide your hand between her legs and stroke her slowly from behind. When she starts lifting her hips to chase your touch, pin her down and deny her.

☐ 53. Order her to sit on the bed with her legs spread wide. Rub her clit aggressively for 15 seconds, then stop and make her count out loud how many seconds she has to wait before the next touch.

- [ ] 54. Make her stand with her hands against the wall. Reach around her waist and rub her pussy from the front. Edge her once, then step back so she feels the cold air where your hand was.

- [ ] 55. Pin her wrists together above her head and kiss her while teasing her clit. When her breathing becomes desperate, pull away from both her mouth and her pussy at the same time, leaving her shaking.

- [ ] 56. Sit her on the bed and lift one of her legs onto your shoulder. Rub her clit firmly. Right before she cums, take your hand away and tell her she's not even close to earning an orgasm.

- [ ] 57. Put her on her knees and make her lean forward with her palms flat on the floor. Reach between her thighs and rub her clit quickly, edging her once. Afterward, keep your hand resting there without moving—pure control.

- [ ] 58. Hold her face gently but firmly in one hand while the other toys with her clit. Tell her to keep her eyes on you as you edge her. Stop the instant her gaze breaks.

- [ ] 59. Lay her on her back and press your forearm lightly across her hips to keep her still. Rub her clit in tight, fast circles. Edge her, then slide your hand away painfully slowly down her stomach to tease her even more.

- [ ] 60. Make her straddle your thigh. Guide her hips with your hands, grinding her just enough to push her toward orgasm. When she's seconds away, lift her off your thigh and tell her submissives don't cum without permission.

- ☐ 61. Put a ball gag in her mouth, make her kneel, and slide your wet fingers between her legs. Rub her clit slowly until she's shaking, then stop and force her to hold still while the gag muffles her frustration.

- ☐ 62. Keep her panties on and press a vibrator against her clit through the fabric. When she gets close, pull the vibrator away, clamp her nipples, and edge her again with your fingers under the panties.

- ☐ 63. Tell her to suck your fingers until they're dripping, then push her onto her back and slide those soaked fingers deep into her pussy. Edge her once, pull out, and make her taste the mix of saliva and her arousal.

- ☐ 64. Attach nipple clamps while she lies on her back. Press a vibrator to her clit over her panties until her body tenses from the mix of pleasure and pain. Yank the vibrator away the moment she's about to cum.

- ☐ 65. Bend her over the bed and spank her ass until she gasps. Slide your hand between her legs and finger her with slow, deep strokes. Edge her once, then slap her pussy lightly when she tries to push back against you.

- ☐ 66. Put a ball gag on her and make her sit on her knees. Pull her panties aside and rub her clit with your thumb, edging her twice while her helpless muffled moans pulse against the gag.

- ☐ 67. Let her straddle your thigh with her thong still on. Grip her hips and grind her against you. When she's seconds away from cumming, lift her off your thigh and tell her to stand still even as her legs shake.

- ☐ 68. Command her to suck your fingers slowly while kneeling. When they're dripping, push her down and finger her with the same wet fingers, curling them until she's right at the edge — then pull out abruptly.

- [ ] 69. Tie her wrists to the headboard and clamp her nipples. Press a vibrator on her panties for ten seconds, stop, pull the fabric aside, and press the vibrator directly on her clit to edge her harder.

- [ ] 70. Blindfold her and let her suck one of your fingers until it's drenched. Slide that same finger inside her and rub her clit with your thumb. Edge her once, then leave her empty and blind.

- [ ] 71. Sit her on your lap facing away. Rub her clit over her panties while squeezing her nipples. When she's about to cum, pinch both nipples harder and stop touching her completely.

- [ ] 72. Make her lie on her stomach. Suck your fingers slowly right next to her ear so she hears how wet they get, then slide them into her pussy and edge her. Leave your fingers inside her without moving.

- [ ] 73. Put a ball gag in her mouth, clamp her nipples, and make her kneel. Rub her clit with slow, teasing circles. Every time her moans rise too high behind the gag, stop and let her frustration twist inside her.

- [ ] 74. Press her against the wall and rub her clit through her panties. When she starts grinding back, pull your hand away and slap her pussy lightly through the fabric before edging her again.

- [ ] 75. Tell her to suck your thumb until it's dripping. Rub her clit with that same thumb and edge her while holding her chin so she can't look away. Make her thank you afterward.

- [ ] 76. Lay her on her back, tie her ankles apart, and clamp one nipple. Rub her clit until she's seconds from orgasm, then flick the clamped nipple to push her closer — and stop instantly before she can finish.

- [ ] 86. Blindfold her and bring your wet, saliva-coated fingers to her pussy, letting her feel the drip before you touch her. Finger her slowly, edge her once, and then roll her onto her stomach so she can feel how empty she is.

- [ ] 87. Make her lie on her back with her legs over your shoulders. Suck your fingers until they shine, push them into her pussy, and finger her hard until she's seconds from release. Pull out and drag your wet fingers down her stomach.

- [ ] 89. Tell her to keep her panties on and crawl toward you. When she reaches you, pull the fabric tight against her pussy and rub her through it with your knuckles until she's trembling at the edge.

☐ 90. Sit her astride your thigh and make her suck your fingers until they drip. Slide those fingers under her thong, stroke her clit quickly, edge her, and then take your hand away so she's stuck shaking against your thigh.

☐ 91. Tie her ankles apart and clamp her nipples. Rub her clit lightly — too lightly. When she starts begging for more pressure, increase speed instead of pressure and edge her right when she starts losing control.

☐ 92. Lay her across your lap and spank her slowly while rubbing her pussy through her panties. When her body arches for more, slide your fingers under the fabric and edge her with two deep strokes.

☐ 93. Make her sit on her heels and keep her hands behind her back. Kiss her neck while you slip two fingers inside her and rub her clit with your thumb. Edge her once and whisper that she won't cum tonight unless she's perfect.

☐ 94. Put a ball gag on her and force her to hold her thighs open with her hands. Rub her clit in fast circles until she approaches orgasm, then stop and make her remain in the same strained position.

☐ 95. Press her onto the bed face-down and slide your fingers under her panties from behind. Rub her clit while holding her hips still. Edge her once, then kiss her lower back as she trembles from the denial.

☐ 96. Tell her to suck every one of your fingers slowly. Push her onto her back, open her legs, and finger her with the same wet fingers while your other hand squeezes her nipples. Edge her twice before stopping.

- ☐ 97. Blindfold her and clamp her nipples. Rub her clit over her panties with the vibrator on low. When she's moments from losing control, lift the vibrator away and tug on the clamps to make her gasp.

- ☐ 98. Put her on her knees and press your thigh between her legs. Pull her thong tight against her clit and make her grind slowly. When she's seconds away, stop her hips with your hands and deny her completely.

- ☐ 99. Grip her hair at the base of her neck and slide two saliva-slick fingers inside her. Rub her clit with the heel of your palm until she's nearly cumming — then pull out and make her say exactly how badly she wants your fingers back.

- ☐ 100. Put a ball gag in her mouth and blindfold her. Rub her clit with slow circles, then faster, edging her twice. After the second denial, step away completely and let her lie there trembling, not knowing when you'll touch her again.

- ☐ 101. Tie her wrists behind her back and force her to kneel. Put an open-mouth gag between her lips so her mouth stays stretched and exposed. Slide two fingers into her pussy while using your thumb on her clit. Right before she cums, pull your hand away and slap her inner thigh for being needy.

- ☐ 102. Cuff her ankles to the bed so she's forced wide open. Keep her panties on and press a vibrator to her clit through the fabric. When her hips start lifting, walk away for 15 seconds and ignore her completely before returning to edge her again.

- ☐ 103. Put a ball gag in her mouth and tie her wrists to the headboard. Rub her clit in fast, tight circles. The moment her body arches, stop touching her and stare at her silently while she moans helplessly into the gag.

- ☐ 104. Hogtie her — wrists and ankles bound behind her. Slide your fingers between her legs from behind and stroke her clit slowly. When she reaches the edge, pull away and kiss her ass instead, ignoring her desperate twist for more.

- ☐ 105. Sit her on the bed with her wrists cuffed above her head. Slowly suck your own fingers in front of her, letting her see exactly what she wants but can't touch. Finger her with those wet fingers and deny her twice.

- ☐ 106. Put an open-mouth gag in her mouth and command her to keep eye contact. Rub her clit while letting your other fingers brush lightly against her lips. Edge her once, then walk to the other side of the room and ignore her trembling for a full minute.

- ☐ 107. Cuff her wrists behind her back and bend her over the bed. Spank her until her skin warms, then slide two fingers into her dripping pussy. Finger her hard, edge her, and leave her bent over, still cuffed and exposed.

- ☐ 108. Tie her ankles to the bedposts and clamp her nipples. Rub her clit slowly, then stop and sit beside her without touching her at all while her body vibrates with denial.

- ☐ 109. Put a ball gag in her mouth and hogtie her loosely so she can still arch her back. Rub her clit with the back of your fingers. When she's seconds away, stop and whisper that she's nothing but a toy until you say otherwise.

- [ ] 112. Put a ball gag in her mouth and sit beside her without touching her. Let her lie there helpless and ignored for a full minute. Then suddenly slide two fingers inside her and edge her within seconds.

- [ ] 113. Bind her legs together with cuffs and make her lie on her side. Slide your fingers between her thighs and play with her clit with slow, merciless strokes. Edge her once, then roll her onto her stomach and walk away.

- [ ] 114. Tie her wrists behind her back, put an open-mouth gag in her mouth, and lift her chin with two fingers. Rub her clit with your other hand until she shakes. Stop instantly and tell her she hasn't earned a cum yet.

- [ ] 115. Cuff her to the bed in a full spread-eagle. Press a vibrator directly on her clit. When she hits the edge, turn it off, leave it resting on her thigh, and sit there watching her pant.

- [ ] 116. Put a ball gag in her mouth and tie a rope around her waist, pulling her hips up. Finger her from behind until her pussy clenches around you. Edge her, then let her collapse forward with the rope still holding her elevated.

- [ ] 121. Tie her wrists behind her back and push her onto her knees. Put an open-mouth gag between her lips and tap two fingers against her tongue before sliding those same fingers into her pussy. Edge her once, then pull your fingers away and let her feel how empty she is.

- [ ] 122. Cuff her to the bed in a spread-eagle and place nipple clamps on her. Press a vibrator to her clit for ten seconds, then turn it off and sit beside her in silence as she pulls against the restraints, desperate and ignored.

- [ ] 123. Put a ball gag in her mouth and blindfold her. Rub her clit slowly with two fingers, then stop and trace circles on her inner thighs while she moans helplessly into the gag. Edge her twice without ever increasing speed.

- ☐ 124. Tie her ankles together and make her lie on her stomach. Slide your fingers under her panties and stroke her clit lazily. When her hips lift for more, push them back down and deny her with a quiet, "No."

- ☐ 125. Bind her wrists with cuffs behind her back and bend her over a pillow. Spank her until her skin warms, then finger her deeply and edge her once. Leave your fingers inside her without moving until she breaks her posture.

- ☐ 126. Sit her on the bed, put an open-mouth gag on her, and lift her chin with your thumb. Slide your other hand between her legs and rub her clit fast enough to make her tremble — then stop instantly and let her frustration echo through the gag.

- ☐ 127. Hogtie her and place a vibrator a few millimeters from her clit without letting it touch. Watch her squirm, then suddenly press it to her clit for five seconds — just enough to hit the edge — and pull it away again.

- ☐ 128. Tie her wrists to the headboard and keep her panties on. Rub her clit through the fabric with slow, cruelly soft strokes. When she's seconds away, push her panties tight against her pussy and walk away.

- ☐ 129. Put a ball gag in her mouth and press your knee between her legs. Rub her clit quickly while holding her jaw in place. Edge her once, then make her hold the same position without moving.

- ☐ 130. Cuff her to the bed so her arms are above her head. Suck your fingers loudly so she hears the wetness she's craving. Slide those wet fingers into her pussy and finger her hard — then deny her right before orgasm and leave her whining.

- [ ] 131. Tie her wrists together and force her to kneel facing the wall. Rub her clit from behind while keeping her pressed to the wall with your hip. Edge her, then step back and leave her kneeling in silence.

- [ ] 132. Blindfold her, put an open-mouth gag in her mouth, and clamp her nipples. Stroke her pussy lightly, almost teasingly. When she begs for more with her body, flick the clamps and stop touching her entirely.

- [ ] 133. Hogtie her tightly and slide a hand under her body to reach her pussy. Rub her clit in tight circles until her whole body strains against the rope — then deny her and keep touching her nowhere else.

- [ ] 134. Put a ball gag in her mouth and tie her ankles apart. Use two fingers on her clit, fast and relentless, until she's seconds away — then immediately slow to a crawl and stop, forcing her to feel the drop.

- ☐ 392.Make her kneel, gagged open. Rub her clit with two fingers until her orgasm breaks — then shove your fingers into her mouth so she feels every twitch of her ruined release against her tongue.

- ☐ 393.Hogtie her brutally tight. Slide your fingers into her pussy and give her the fastest stimulation you can. Right as she cums, freeze completely. Let her orgasm die while your fingers stay deep but unmoving.

- ☐ 394.Bind her chest-down, ass raised. Use the vibrator at full intensity until she's screaming she's about to cum. Then turn it off at the exact millisecond of release and whisper, "You're allowed to break. Not to finish."

☐ 395.Cuff her wrists behind her back and grind her pussy against your thigh. When her orgasm ignites, pull away sharply so she loses every bit of friction — ruining her climax while she collapses onto your leg.

☐ 396.Lay her on her back, blindfolded, nipples clamped. Rub her clit with brutal circles until her orgasm surges — then pull both clamps at once and stop touching her, leaving her climax shattered and chaotic.

☐ 397.Tie her to the headboard and straddle her hips. Slide your hand between her legs and edge her hard. When she finally cums, press your palm flat against her clit, applying pressure but no motion — trapping the orgasm into a ruined collapse.

☐ 398.Put an open-mouth gag in her lips and force her to kneel. Edge her with the vibrator until tears fall. When she finally breaks into orgasm, yank the vibrator away, grab her jaw, and whisper, “Ruined. Again.”

☐ 399.Bind her thighs apart so she can’t close them. Finger her pussy brutally until her orgasm arrives uncontrollably — then pull your fingers out and show her the wetness dripping from them while she twitches uselessly.

☐ 400.Tie her to the bed, head pressed sideways into the mattress. Use the vibrator until she’s screaming she’s cumming. At the exact highest point, kill the power, slap her pussy hard, and whisper into her ear as she trembles,
“I own your orgasms. And I ruin every one you dare to have.”

- ☐ 401.Put her in nothing but a humiliating collar and leash while you stay fully dressed. Bend her over your knee and spank her hard until her skin warms. Film her reaction while whispering, "This is what you look like when you obey." Finger her fast until she's about to cum — then stop and pull her by the leash closer to your legs.

- ☐ 402.Tie her wrists to the headboard, naked, while you remain clothed. Spit directly into her mouth and say, "Swallow it." Then fuck her rough and deep until she's seconds from cumming. Pull out, slap her pussy once, and ruin her orgasm completely.

- ☐ 403.Attach a leash to her collar and drag her to the bed. Make her kneel naked while you stay dressed. Film her shaking as you spit on her face, rub the spit across her cheek, and whisper, "Good pets stay wet." Edge her with the vibrator and ruin her climax by turning it off mid-release.

- ☐ 404.Force her onto her stomach, tie her ankles to the bedposts, and spank her until her ass bruises lightly. Flip her over and fuck her with brutal force, pushing her into the mattress. The moment she orgasms, keep thrusting — post-orgasm torture — until she's begging for mercy.

- ☐ 405.Make her crawl naked behind you while you stay fully clothed. Hold the leash tight and guide her head between your legs. Spit into her open mouth, then drag her onto the bed by the leash and finger her aggressively. Stop the second she hits the edge.

- ☐ 406.Tie her wrists above her head and force her into a humiliating outfit — too small, too revealing, too exposing. Film her as you spank her pussy lightly. When she's trembling, fuck her rough enough that the outfit shifts and exposes more. Pull out mid-orgasm to ruin her.

- ☐ 407.Blindfold her, put her in humiliating clothing, and tie her to a chair. Stay fully clothed as you spit on her lips, smear it with your thumb, and whisper, "You look perfect when you're beneath me." Rub her clit fast, then stop at the exact second of climax.

- ☐ 408.Cuff her on all fours and attach her leash to the bedframe so she can't lift her head. Spank her ass repeatedly. Fuck her from behind with rough thrusts, recording everything. When she cums, pull out instantly and keep spanking her through the ruined orgasm.

- ☐ 409.Force her onto her knees in nothing but a degrading top. Push her head back by the collar and spit directly into her open mouth. While she swallows panting, finger her hard — then stop and deny her right before her orgasm hits.

- ☐ 410.Tie her face-down with her ass raised. You stay fully dressed while she is naked. Spank her thighs and ass until she shakes. Fuck her rough and unforgiving, ignoring her begs. When she hits orgasm, keep thrusting — brutal post-orgasm torture — until she collapses.

- ☐ 411.Make her stand against the wall in humiliation clothes with a camera pointed at her. Tell her to keep her legs open. Spit on her pussy and let it drip. Rub her clit with cruel speed until she screams — then pull your hand away to destroy the orgasm mid-flight.

- ☐ 412.Cuff her wrists behind her back, attach a leash, and walk her around the room naked while you stay fully clothed. Film her from above as she crawls. Then push her against the bed and fuck her roughly, stopping dead the instant she's about to cum.

☐ 414.Put an open-mouth gag on her and spit into it slowly. Make her wear humiliating clothing while you remain dressed. Rub her clit in tight, fast circles as the spit drips from her lips. Stop right when she breaks into climax.

☐ 415.Tie her to the bed in a cruel position — legs up, wrists pulled tight. Film her as you spank her chest, thighs, and pussy. Fuck her hard enough to make the headboard shake. Ruin her orgasm by suddenly pulling out and holding her still by the throat.

☐ 416.Attach a leash to her collar and use it to control her head while she's naked on her knees. Spit on your cock and rub it across her cheek. Finger her deeply until her orgasm rises — then push her head down by the leash and deny her immediately.

☐ 417.Put her in a humiliating outfit and bend her over the chair. Spank her ass until the skin glows. Fuck her brutally from behind while filming. When her orgasm hits, keep fucking her past her limit — post-orgasm torture — until she whimpers

☐ 418.Tie her wrists to the ceiling and leave her standing naked while you stay fully dressed. Spit on her nipples and slap them lightly. Rub her clit fast until she screams she's cumming — then walk away, leaving her ruined and shaking mid-climax.

- ☐ 421.Drag her by the wrist to the mirror, fully naked while you stay clothed. Press her face to the glass and say, “Look at yourself. That’s all you are tonight.” Fuck her rough from behind while staring at her reflection. Ruin her orgasm by pulling out the moment her body tenses.

- ☐ 423.Throw her onto the bed like an object. Climb over her, spit onto her chest, and rub it in with your hand while saying, “You’re here to be used, nothing more.” Use her pussy for rough thrusts until she’s shaking — then walk away mid-orgasm.

- ☐ 424.Make her stand in front of a mirror wearing only a humiliating collar. Fuck her from behind with one hand around her throat, forcing her to watch her own face. When she starts to cum, shove her forward so her orgasm ruins against cold glass.

☐ 432.Tie her face-down, arms pulled back. Fuck her rough, hips slamming into her ass. When she reaches climax, grab her hair and force her to watch her own shaking body in the mirror beside the bed as her orgasm ruins.

☐ 433.Push her onto her knees and shove your cock into her mouth mid-sentence, ignoring whatever she was about to say. Face-fuck her until tears fall, then use her pussy hard without even looking at her face. Deny her just to remind her she's powerless tonight.

☐ 434.Have her wear humiliation clothing — too small, tight, exposing. Bend her over the sink and fuck her while making her watch herself in the bathroom mirror. Spit on her back and let it run down her spine. Ruin her orgasm by stepping away mid-release.

☐ 435.Tie her to a chair, legs spread, nipples exposed. Stay clothed. Treat her like a doll: walk up, spit on her throat, rub her clit twice, walk away. Repeat until she's crying silently for stimulation — then overwhelm her, and ruin her orgasm deliberately.

☐ 436.Force her onto all fours in front of a mirror. Grab her hips and fuck her with brutal, hate-filled thrusts. Keep your eyes only on her reflection, not her real body. When she begs to cum, shove her face down and deny her entirely.

- ☐ 438.Tie her standing to a post. Stay dressed while she's completely naked. Spit in her face, slap her pussy lightly, and fuck her with angry, punishing strokes. When she cums, grab her hair and ruin the orgasm with a hard, sudden stop.

- ☐ 439.Sit her in front of a mirror, tie her wrists behind the chair. Use her throat for deep, brutal face-fucking while watching her eyes water in the reflection. Without a word, switch to her pussy, pound her hard, and deny her right at the brink.

- ☐ 440.Leash on. On her knees. Naked. You put your boot on her chest while fucking her pussy aggressively from above. Don't look at her — film her instead. She cums without permission, desperate and shaking — and you ruin it by pulling out, spitting on her lips, and walking away.

- ☐ 441.Tie her to the bed completely naked except for a humiliating collar. Slide a remote-controlled vibrator inside her and turn it to the lowest setting while you stay fully clothed. Fuck her mouth aggressively while occasionally tapping the remote, shocking her body into uncontrollable spasms — then ruin her orgasm by shutting it off the moment she screams she's cumming.

- ☐ 442.Press her against the mirror and spit down her cheek. Without looking at her face, shove a dildo inside her with one brutal push. Use her like a fuckable object, thrusting it in and out while ignoring her moans. When she starts to cum, drop the dildo to the floor and walk away.

☐ 501. Tie her to the bed and fuck her mouth while holding a wand vibrator on her clit. Order her to suck your dick exactly the way you want. Increase the vibration when you start getting close — but pull the wand away the second she is about to orgasm. Only after she swallows every drop, you press the wand back to her clit on full power and let her reach orgasm. If not - she gets denied.

☐ 502. Tie her up and put an open-mouth gag on her. Finger her hard until she's right on the edge. Then place your wet fingers on her tongue and tell her to beg for more while keeping eye contact the entire time.

☐ 503. Order her to give you a handjob while you finger her at the same time. When she's about to orgasm, order her to make you finish first. The moment you cum, pull your fingers out and leave her in denial, her climax dying in her body while she strokes you through your release.

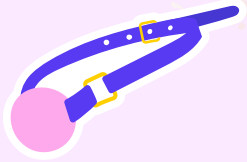

☐ 504. Tie her to the bed and order her to give you a blowjob.
Match the wand vibrator's intensity on her clit (from level 1 to 5)
to the effort she puts into sucking your cock. When you start to cum,
turn the vibrator to 5 - this is her only way to orgasm with you.

☐ 505. Bind her completely - wrists, ankles, everything - then blindfold her, add a ball gag, and put headphones over her ears with music to isolate her.
Randomly return to edge her by:

- fucking her,
- fingering her,
- or using the vibrator on her clit...

...then walk away for several minutes, ignoring her completely before returning for another round od edging.
