ESCAPE THE DUNGEON

You and your partner have been dragged into a **Sex Dungeon**⛓️, where **Master** and **Mistress** rule with absolute control.

The only way out?

✅ **Complete their tasks** – one by one – taking turns, as each challenge pulls you deeper into domination, obedience, and erotic danger.

Every space you land on *leads to a new task*.
Sometimes you're in control.
Sometimes you're the one being used.

But remember... **Only one of you will escape.**
The first player to reach the end of the dungeon becomes the new ruler:
⚜️ Master (if he wins) 👠 Mistress (if she wins)

And the loser?
The **loser stays trapped in the dungeon...** forced to **face a final, brutal task** chosen by the Winner. 🏆

ESCAPE THE DUNGEON

PREPARATION

You don't need a real dungeon to play this game.

You can **turn any room** into a place where Master and Mistress rule, where the atmosphere itself feels charged with danger and desire.

Here's how to prepare your space:

- 🔥 **Dim the lights** – candles, red bulbs, LED strips, or a single low lamp to cast shadows across the room.
- 🔗 **Scatter sex toys around the space** – not neatly arranged, but displayed like tools of seduction and punishment: cuffs, gags, floggers, paddles, ropes, dildos.
- 🎵 **Dark, slow music** – dungeon ambience, deep bass, hypnotic rhythms that make your skin prickle.
- 🕯️ **Scent** – incense, vanilla, musk, smoke… anything that suggests forbidden rituals and hidden cravings.

- 🛏️ **A place for domination** – the bed, a chair, the floor… one area becomes the "altar" where tasks are performed and power shifts.

- 🌶️ **Props** – ropes, belts, chokers, masks, collars. They don't all need to be used — their presence alone changes the energy.

- 🩸 **A symbol of dominance** – a whip laid across a pillow, a collar placed in the open, or a glass of wine waiting at the bedside. Something that silently says: authority lives here.

- 😈 **The silence rule** – before the game begins, agree that every word spoken is intentional. A whisper becomes a command.

Create a space where both of you can feel that:

The Dungeon *hears you*. The Dungeon *watches you*.
The Dungeon wants your choices, your bodies, your surrender.

Once everything is set…
the entrance to the Dungeon opens.

🖤 **Time to escape… or be broken.**

ESCAPE THE DUNGEON

Gameplay

After every dice roll, you must draw a challenge card and complete it:

Red Card (Task from **Mistress**) → task for **him** to perform

Blue Card (Task from **Master**) → task for **her** to perform

#45

Mistress says:

Lie flat with your mouth open. She'll press her pussy against your lips for a second... then pull away. Again. And again.
For 3 minutes, you're denied every single time you think you're finally getting what you want. She loves watching that hope die in your eyes.

#1

Master says:

Get on your knees and crawl to him.
For 60 seconds, worship his dick with your lips - slow, desperate, like you're earning your release from the dungeon.

📝 How the Tasks Are Written?

Every task in this game **is written as if Master or Mistress themselves were ordering you to do it**. Your partner becomes part of the command - trapped in the Dungeon with you, pulled into every wicked instruction the rulers demand.

You don't choose the task.

The Dungeon chooses what happens to both of you...

ESCAPE THE DUNGEON

Special Board Tiles

You found a possible back exit from the Dungeon. But escaping this way is risky.
Roll **two 6's in a row to win the game** and proceed directly to the Final Punishment.
If you **fail**... you must take **2 tasks in a row, each with double the timer**. The Dungeon punishes cowardice.
You can skip it and treat it as a safe spot.

Sex Toy
Your opponent may use any **additional sex toy** of their choice during your next task. No negotiation. No refusal.

Obedience Test
Before doing your task, you must **obey one non-sexual command** given by your opponent. If you hesitate, you draw an extra task.

Dungeon Trap
Bad luck. Move **two spaces backward** and perform the task there. The Dungeon wants more from you.

Double Trouble
Draw two cards - but your **opponent chooses which one** you must complete.

Slow Torture
Your next task has its **timer doubled automatically.**
No escape. No mercy.

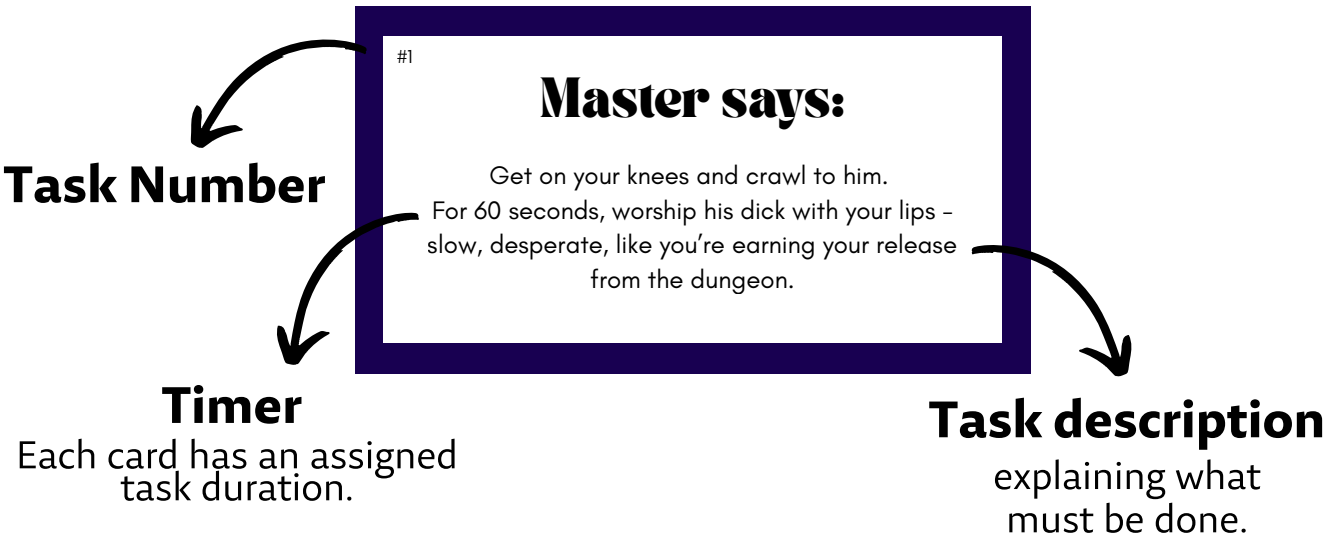

BOOST! - Switch of Power
The player who should perform this task **becomes the dominant side** in it. If this is impossible, he draws a card from his opponent's deck.

ESCAPE THE DUNGEON

Card Elements

Each card shares the same elements – but every card holds a unique challenge designed to turn your deepest desires into reality.

Revenge Twist

You're free to go as **hard as you want on Your Partner** when completing it's task - but remember, a similar type of challenge will come back to you. It's up to you whether **you pace yourself...** or let the game **push both of you past every limit.**

Goal of the Game

Each players Goal is to *reach the final space* on the board - the **"Escape"** tile.
Only the first player to reach it earns freedom.
The other... remains in the Dungeon.

ESCAPE THE DUNGEON

Victory

The player who *reaches the Escape space first* **wins the game**.

But the Dungeon isn't finished with Loser yet.

The winner becomes the new ruler:

- Master, if he escapes.
- Mistress, if she escapes.

The loser remains trapped in the Dungeon and must submit to a final punishment task assigned by their new Master/Mistress.

Only one escapes. The other is claimed. ♥
