KINKY STACKING GAME

OVER 160 CHALLENGES
TO DO ONE BY ONE

10 EASY RULES - STEP BY STEP

1. There are more than 160 challenges in front of You. Decide which ones you want to participate in, then cut them out, shuffle them, and place them in a stacked pile.

2. Play rock, paper, scissors - **Loser starts the game.**

3. Person who starts **takes the card from the very top** and performs the challenge written on it (the cards have to lie so that **you can't see the challenges on top** - just turn them over).

4. When player #1 has completed his challenge, **it is now time for player #2**, who also reaches for the card and completes the challenge.

5. Each **challenge lasts 3 minutes,** unless it says otherwise on the card.

6. The player who takes the card **performs the challenge to the other person.** (e.g. Nipples biting - the player who drew the card bites the nipples of the other player for 3 minutes).

7. Some challenges are performed by a woman (e.g. blowjob) and some by a man (e.g. facesitting) **regardless of who drew the card.**

8. Each completed task from the card is **1 point.**

9. **Set a safe word**. If you use it during the challenge you don't get a point for it and you are **taken away 1 point** for the previous challenge.

10. Throughout the game you can **Cooperate or Compete.**

COOPERATE OR COMPETE

Throughout the game you can cooperate or compete.

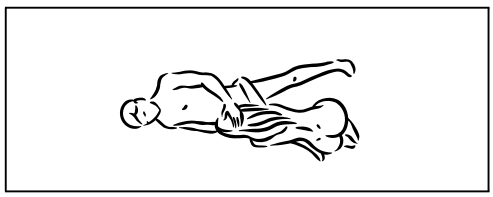

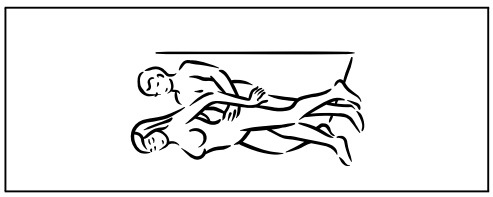

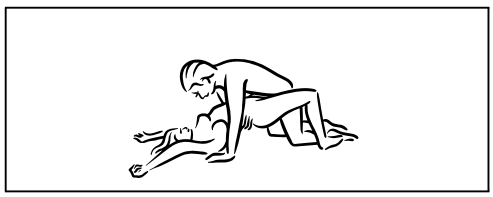

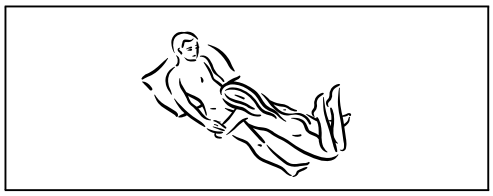

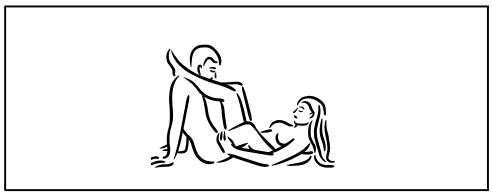

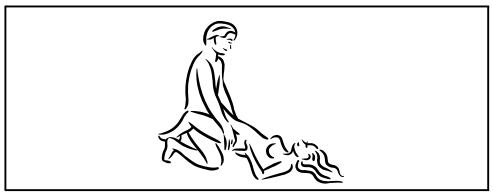

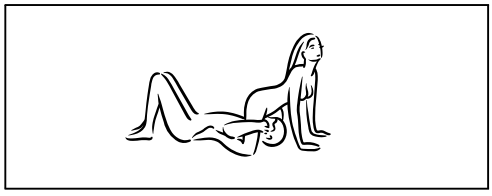

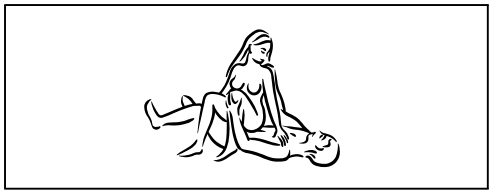

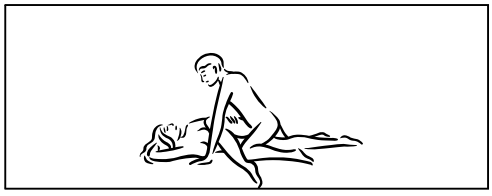

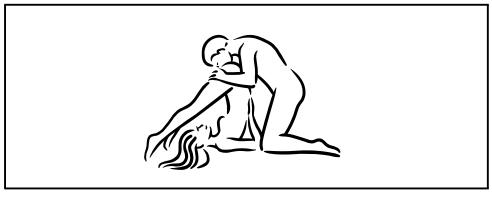

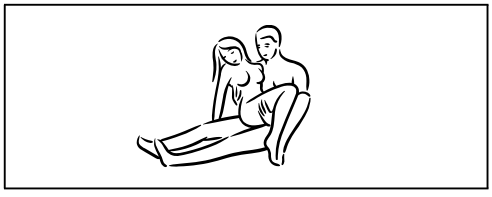

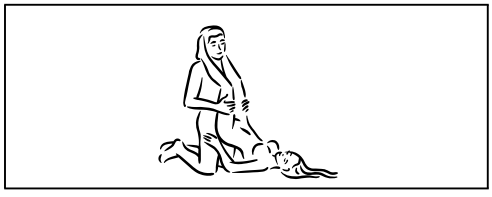

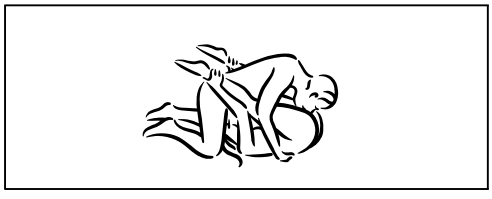

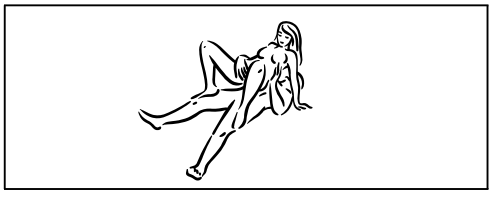

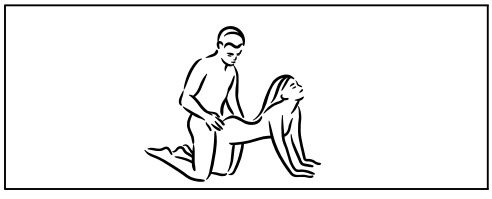

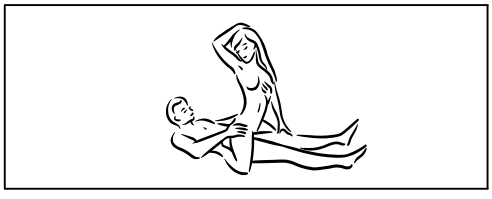

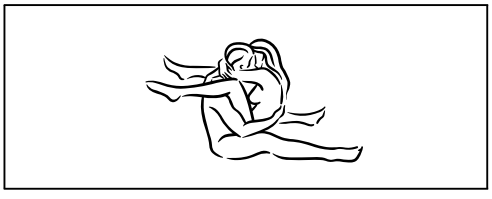

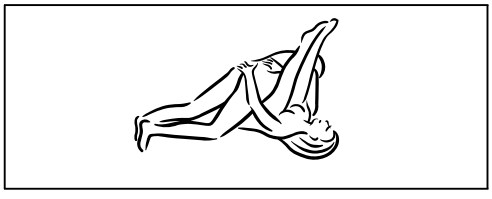

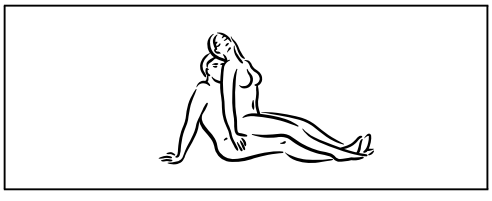

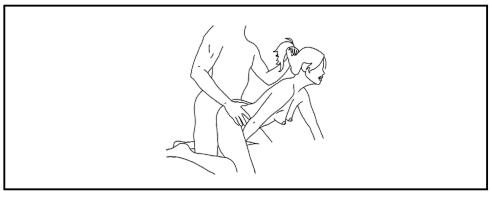

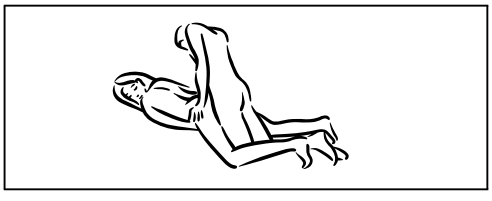

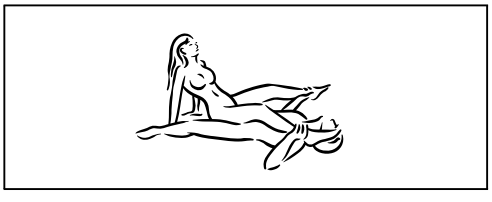

Cooperation:
- If you get through all the cards, there are cards waiting for you at the very bottom, which tell you how you can cum or reach orgasm.
- You can both cum during the same challenge and return to them next time, starting from where you left off.

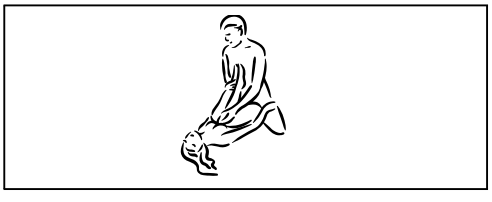

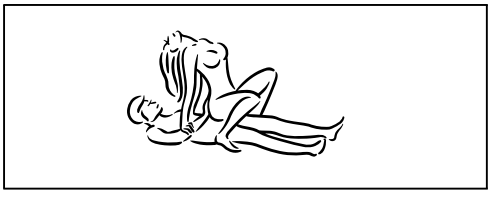

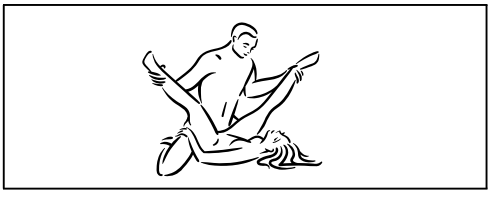

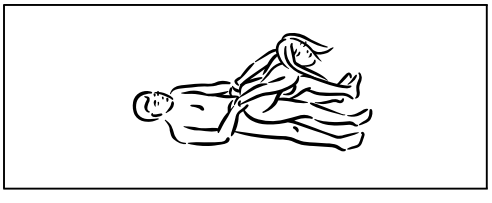

Competition:
- Each challenge you make on a card is 1 point.
- When any player comes to or reaches orgasm, they have 10 minutes to return to the game.
- If the player who has cum or reaches orgasm, does not return to the game in time, the other player is awarded 3 points.
- The player who has more points at the end of the game wins.
- The winner of the game can choose a prize for himself/herself, but the loser must participate in the prize for the winner.
- The winner as a reward can also punish the loser.

Whether you cooperate or compete, you can return to the game starting from where you left off or from the very beginning - shuffling the cards again.
