◯ 94. Wear your submissive's chastity cage and hide it in an impossible-to-find place in the house. Tell him that he can free himself from them if he can find the key.

◯ 95. Tie up your submissive and make him a wheel of misfortune. It's time for CBT! Write some activities on the wheel (or write numbers next to the activities and draw numbers) - e.g. slap his dick 5 times, pinwheel on his dick for 10 seconds, sound his urethra for 20 seconds, etc. Continue even after he cum. That's when the real fun begins!

◯ 96. Attach your submissive's hands to the door cuffs and bind his ankles as well. Let him stand naked in front of you. Play with his beautiful body - put nipple clamps on him, pinch his penis and scratch it with your nails, give him spankings, put a blindfold on him, play with ice. Tell him to be hard, and at the same time drive him to the limit of pain. Don't worry if he cum. It's part of your plan, isn't it?

◯ 97. Tell your submissive to train his kegel muscles to delay ejaculation and to satisfy you even longer in bed.

◯ 100. Your submissive really did all the humiliating tasks and served all the punishments? He definitely deserves a reward and a big one at that! You can also tell him about the reward before doing these tasks to make him even more motivated, but remember that the reward says to be commensurate with what he has done for you.
