- ◯ 2. Make her give you a blowjob while she's talking to someone on her phone.
- ◯ 3. Ask her to come up with a whole scenario for your session tonight. Have her describe each activity and send it to you via text message. Dominate her exactly as she described in the SMS.
- ◯ 4. As a part of the punishment tell her to send You a photo or video of her doing humiliating activities like deepthroating a dildo or licking Your cum from an object. You can send it to a random person on Ig/Twitter.
- ◯ 5. Tie her hands behind her back and tell her to give You a blowjob when You will be talking with Your female friend or with Your Tinder date.
- ◯ 6. Send her a text message describing what she should do before and after you come home. You can text her to kneel in front of the door as soon as you enter the house, with her hands cuffed behind her back and her mouth open wide and blindfolded.
- ◯ 7. Using your phone, record her giving you a blowjob. Make her keep eye contact with the camera.
- ◯ 8. Send her a picture of your dick and make her write what she would do with it via SMS. When you get home, tell her to do exactly what she wrote in a text message.
- ◯ 9. Tell her to send you a sexy selfie every hour, each time being in a different lingerie or costume. In the end, choose the best outfit for her and fuck her without taking it off.
- ◯ 10. Play stalker and take pictures of her throughout the day. You can even stalk her and follow her to the mall, taking pictures of her in the changing room. Try to make sure she doesn't expose you. At the end of the day, tell her about it and punish her by guessing how many photos you took of her that day. If she is wrong in her guess by more than 5 she gets a penalty from you.

TASKS FOR LOVENSE
LUSH, LUSH 4, AND LUSH MINI

◯ 1. You will insert the Lush and lie down on your back with your legs wide open. I will connect through the app and slowly increase the vibrations in waves. Your rule is simple: you are not allowed to touch yourself. All you can do is moan, beg, or scream. Every time I cut the vibrations to zero, you must whisper “please, Master, don’t stop” until I decide you deserve more.

◯ 2. You will wear the toy while your wrists are bound tightly behind your back. I will keep the vibrations running at random levels from my phone. Each time I raise it higher, you must spread your legs wider. If you resist or hesitate, the toy goes to full power and I will order you to hold the position until your thighs shake from weakness.

◯ 3. You will put the Lush inside and sit on the floor in front of me, naked and on your knees. I will set the app to a brutal pulse pattern. Every time the vibrations reach their peak, you will look me directly in the eyes and say “I am your slut.” If you miss a beat, you will repeat the phrase louder, until I am satisfied with your obedience.

◯ 4. You will go about your chores - cleaning, cooking, or folding clothes - while the Lush is inside. I will activate it through the app. I will be controlling and observing you while you go through your chores as if I weren't even here.

◯ 5. You will lie tied on the bed with the toy inside and your ankles tied apart so you can’t close your legs. I will connect through the app and edge you again and again by cutting the vibrations just before you explode. Every denied orgasm will be followed by a slap, a degrading insult, or another cruel tease, until you are dripping with frustration and begging me to finish you.

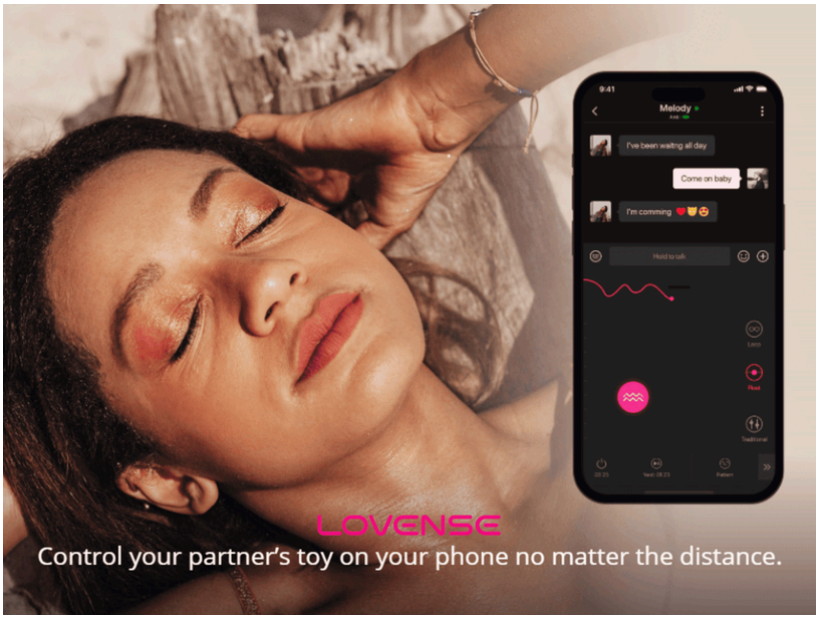

WHY LOVENSE?

Lovense makes the world's most advanced remote-control sex toys.

They connect to an app, which means your partner can control your pleasure from anywhere - across the room, across the city, or across the world. For Real.

With a tap on their phone, they decide your speed and intensity.
Your Partner can choose when you're allowed to finish... or if you'll be denied completely. ;)

Perfect for couples in long-distance relationships, public teasing, or anyone who loves taking or giving up control.

And here's the thing: Lovense isn't just a small brand.
They already have 20+ million customers worldwide, which makes them the global leader in smart sex toys.

And personally? **Their toys are my all-time favorites** - nothing else comes close when it comes to control, creativity, and intensity.
This isn't just "play" anymore. It's control, technology, and intimacy - combined.

HOW DOES IT WORK?

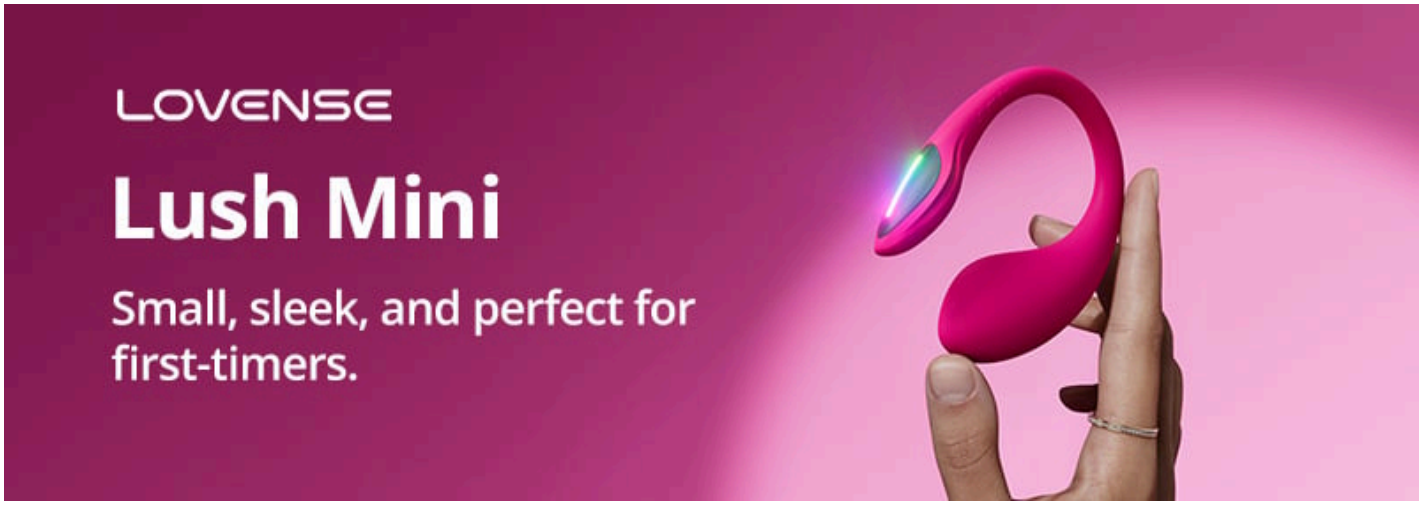

Based on Lovense's newest toy - **the Lush Mini** (which I personally own and highly recommend) - let me show you how it works.

It's super easy: you pair the toy with your phone using the Lovense Remote App. From there, you (or your partner) can control everything - the speed, the patterns, even custom vibes.

If you're close, it works perfectly over Bluetooth. If you're apart, the app connects through the internet, so your partner can take control from literally anywhere in the world. 🌍

The Lush Mini is small, quiet, and powerful, making it perfect for discreet public play, long-distance teasing, or intense solo sessions at home.

◯ 6. I will let you choose your favorite playlist. Once you've picked it, you will insert the Lush inside yourself, and I will bind you tightly so you can't move. Then I'll activate the music sync mode. Yes—your vibrator will pulse in rhythm with your favorite songs, and you will kneel like the desperate slut you are until you finally orgasm to the beat.

◯ 7. You will put the Lush inside and keep your camera on in a public place like a public restroom, showing me your face while I control it remotely. You are forbidden from touching yourself with your hands. Your only task is to let me watch every twitch, every moan, every desperate expression as the toy takes over your body. If you dare to touch yourself without permission, I will deny your orgasm and disconnect from your toy.

◯ 8. You will be gagged and tied down while the toy vibrates deep inside you. I will raise the intensity step by step, and your challenge will be to stay silent. Every muffled moan that escapes past the gag will earn you a spanking.

◯ 9. You will insert the Lush before bed and keep it in all night. At the time of my choosing, I will wake you not with an alarm, but with the toy vibrating inside you. You must get out of bed immediately, kneel on the floor, and thank me for controlling when and how you are allowed to start your day.

◯ 10. You will strip completely naked and kneel in front of me. I will slide the Lush deep inside you and tie your hands behind your back. Then I'll take my phone and start teasing you with short, brutal bursts. You will hold your position without collapsing. If you fall, I'll restart the pattern from the beginning and keep you on your knees until you learn discipline.

◯ 11. You will put the Lush in before leaving the house. I will control it from my phone while you're outside, among strangers. Every sudden vibration means you must send me a filthy confession about what's happening to your body in that exact moment. You will keep doing it until I decide you've humiliated yourself enough for me.

◯ 12. You will lie on the bed with your legs tied wide apart. I will connect through the app and push you to the very edge, then cut the vibrations to nothing. Each time you beg me to continue, I will restart the cycle - building you up and snatching it away—until your body is shaking and you are crying for release.

◯ 13. You will wear the toy while gagged and blindfolded. I'll use the app to raise the vibrations at random. Your task is to remain perfectly still. Every time you moan or move, I will tighten the restraints and raise the intensity even higher, until you're reduced to a trembling, helpless mess.

◯ 14. You will insert the Lush and sit in front of the camera for me.
I will control you from a distance, watching your face as the toy takes over your body. You are forbidden from touching yourself. You will suffer through wave after wave of pleasure until I decide whether you deserve an orgasm—or whether I'll cut you off and leave you ruined and desperate.

◯ 15. You will put the Lush inside and stand in front of the mirror, completely naked. I will connect through the app and make you stare at your own reflection while I tease you. You will watch yourself becoming wetter and more desperate until I order you to orgasm while looking into your own eyes.

◯ 17. You will put the Lush in and kneel in the corner of the room. I'll use long, slow waves in the app, forcing you to stay on your knees. If you collapse or shift position, I'll restart the pattern from the beginning, keeping you there as long as I want.

◯ 18 .You will insert the toy before bed. While you're lying in the dark, I will suddenly turn it on remotely without warning. You will be forced awake and made to orgasm for me at my chosen time, not yours.

◯ 19. You will wear the Lush while blindfolded and gagged. I will control it with unpredictable bursts, and every time it peaks, I'll strike your ass with my hand. You will learn to associate vibration with pain and pleasure until you can't separate the two.

◯ 20. You will put the Lush in and activate music sync to your dirtiest playlist. I will tie you to a chair and let the toy pulse in rhythm. You will be vibed in sync with the music, and you won't stop until you have a forced orgasm.

◯ 21. You will insert the toy and crawl to me on all fours. Each time I increase the intensity from my phone, you must bark like a desperate pet. If you hesitate, I'll keep the toy on maximum until you beg to obey.

◯ 22. You will wear the Lush while you kneel in front of me. Every time I trigger the toy through the app, you must lick my dick like a desperate slut. By the end, you'll be filthy and humiliated, just how I want you.

◯ 24. You will wear the Lush while doing your makeup or dressing. I'll control it from a distance, forcing you to ruin your lines or lose focus. Every mistake means you must strip back down and start again.

◯ 25. You will put the Lush in and stand with your hands against the wall. I'll control the vibrations through the app, and with every pulse you must arch your back and push your ass out further. You will stay in that degrading pose until I allow you to rest.

◯ 26. You will insert the toy and sit on my lap while I hold my phone, holding your wrist behind your back with other hand. I will increase the vibrations until you're grinding shamelessly against me. If you stop, I'll switch it off completely and make you beg for it to return.

◯ 27. You will wear the Lush and call me on video. I will take remote control from anywhere I want. You must obey every command—spread your legs, bend over, finger yourself - while I watch and reach orgasm for me on camera.

◯ 28. You will put the toy in and stand with your arms tied above your head. I'll use short bursts in the app to weaken your legs, forcing you to hold yourself up. If you collapse to your knees, you will have to suck my dick, taking all vibrations from a toy until you make me cum.

◯ 29. You will insert the Lush and kneel with your mouth wide open. Each time I raise the intensity, you must moan louder for me, filling the room with your desperation. If I'm not satisfied, I'll tie and gag you and leave the toy buzzing until you reach forced orgasm.

◯ 30. You will wear the toy all day while I hold the control in my pocket. Without warning, I will activate it in public places, and you must pretend nothing is happening. If you fail to hide it, you'll be punished later for embarrassing me.

◯ 31. You will put the Lush in and lay across my lap. I'll spank you in rhythm while the toy pulses inside you. For every moan, I'll spank harder, until your body doesn't know whether to fear the pain or crave the pleasure.

◯ 32. You will insert the toy and stand naked by the window. I'll control it remotely while making you press your tits against the glass.
You'll be shaking, hoping no one sees, while I force you closer to orgasm with every touch of the app.

◯ 33. You will wear the Lush during dinner. While you eat, I'll control it with gentle waves. Each time the intensity rises, you must stop chewing and open your mouth wide like a slut waiting to be fed. If you forget, I'll send the vibrations to maximum until you're trembling at the table.

◯ 34. You will put the toy in and sit perfectly still in the middle of the room. I will control it through the app, changing patterns and intensities without warning. Your challenge is to endure the torture until I allow you to collapse. The longer you last, the harder your orgasm will be when I finally allow it.

◯ 35. You will insert the Lush and kneel between my legs. As the toy vibrates inside you, you will take my cock deep in your mouth. Each time I increase the intensity through the app, you must push your throat deeper, no matter how much you gag. If you pull away too soon, I'll hold your head down while the toy pounds you from the inside.

◯ 36. You will put the toy inside and kneel with your mouth wide open. I'll use the app to send pulses inside you, and every time the toy buzzes, you must lick my cock like a desperate slut. The faster it vibrates, the faster your tongue must move. Stop before I say so, and you'll get face-fucked until you cry.

◯ 37. With the Lush inside, I'll tie your hands behind your back and sit on the edge of the bed. You'll be forced to crawl to me and wrap your lips around my cock. I'll use the app to edge you, denying your orgasm while you're choking yourself on me. You'll only be allowed to cum when I shoot my load down your throat.

◯ 38. You will insert the Lush and get on your knees in front of me, blindfolded. I'll tease you with the head of my cock against your lips. Each time I push the toy to a higher level, you must open wider and take me deeper. When it hits maximum, you'll hold me in your throat until I release the pressure.

◯ 39. You will wear the Lush while gagged with my cock. I'll control the toy's rhythm to match my thrusts. Every time I cut the vibrations, you must freeze with your mouth full, waiting for me to use you again. Your only role is to be my human cock sleeve while the toy keeps you dripping.

◯ 40. You will put the toy inside and lay on your back with your head hanging over the edge of the bed. I'll stand above you and thrust into your mouth while controlling the Lush from my phone. Each deep thrust will be matched with a brutal surge from the toy, making you choke and moan until you're ruined.

◯ 41. You will insert the toy and kneel in front of me with your tongue out. I'll use the app to make your body shake while you lick my balls, never stopping no matter how desperate you get. If you falter, I'll slap your face and remind you that your mouth exists only for my pleasure.

◯ 42. You will put the Lush inside and suck my cock while I hold the phone in my hand. Every time you make me moan, I'll reward you by increasing the vibrations. Every time you disappoint me, I'll turn them down to zero and force you to start again until you please me perfectly.

◯ 43. You will insert the toy and kneel with your lips wrapped around my cock. I'll activate the app in random bursts, and every time the toy pulses, you must gag yourself deeper. If you hesitate, I'll grab your hair and force your throat to obey.

◯ 44. You will wear the Lush while I cum in your mouth. As soon as I release, I'll turn the toy to full power. You'll hold my cum on your tongue until I give the order, then swallow it down while moaning like the obedient little slut you are.

◯ 45. You will insert the Lush and kneel at my feet. I'll use the app to tease you while I rub my cock across your face. Each time the toy vibrates stronger, you must kiss and lick faster, covering me in your spit until your face is soaked.

◯ 46. With the toy inside, I'll tie your wrists to the back of a chair and force you to sit on a chair. Every time I raise the vibrations, you must suck harder. When I cut them to zero, you must freeze completely with my cock still in your mouth, waiting for my command to move again.

◯ 47. You will insert the Lush and crawl under the table while I sit and scroll on my phone. I'll activate the toy remotely while you worship my cock with your tongue. You'll keep licking and sucking silently like a trained pet until I decide you're allowed to taste more.

◯ 48. You will put the Lush in and kneel with your mouth open. Each time I send a pulse from the app, I'll spit into your mouth or slap your face with my cock. You'll swallow it all and thank me with your eyes while the toy keeps you throbbing inside.

◯ 49. You will insert the toy and lie on your side. I'll straddle your face and push my cock between your lips while controlling the app in my hand. Each time I edge you with the toy, I'll hold my cock deeper in your throat, teaching you that your pleasure depends on my cock inside you.

◯ 50. You will wear the Lush while blindfolded. I'll use random vibration patterns while I press my cock against your lips. Each time the toy surges, you must take me deeper. Each time it stops, you must pull out and beg me to fuck your throat again.
