If she fails to stop the vibrator, do it yourself after 3 minutes of the last level and punish her for giving up so easily.

◯ 2. Tie her hands behind her back, blindfold her, and lead her into the room. Put a remote control vibrator on her and hide it somewhere in the room, setting the vibration level to 3. Remove the blindfold from her eyes and tell her to find the vibrator so that she has to turn it off herself.

◯ 3. Tie her hands behind her back and Put on her remote control vibrator. Turn on any level of vibration and hold her from behind, first pointing her pussy at the edge of the table so that it rubs against it. Let her come, but then force her to lick and suck the same edge of the table.

◯ 4. Tell your submissive to wear panties, jeans, and a T-shirt. Put a blindfold on her, tie her hands behind her back and kiss her and touch her pussy through her panties. Then remove her blindfold and show her where the remote control is located. Observe her reactions and only remove the remote from the ceiling when she comes. When she thinks you've turned off the vibrator, turn on the higher vibration for a few seconds.
